

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Ministry of Energy, Mines and Low Carbon Innovation

Multiple Locations

There are currently two (2) full-time permanent positions available.

Senior Policy Analyst

A dynamic role for a skilled analyst with excellent research and communication skills

The Ministry of Energy, Mines and Low Carbon Innovation is responsible for British Columbia's electricity, alternative energy, mining and petroleum resource sectors, and supporting work to meet BC's greenhouse gas reduction targets.

As the Senior Policy Analyst, you will coordinate and lead the research, analysis, development and implementation of strategic policies, programs and legislation in support of low carbon transportation.

The BC Public Service is committed to creating a diverse workplace to represent the population we serve and to better meet the needs of our citizens. Consider joining our team and being part of an innovative, inclusive and rewarding workplace.

Qualifications for this role include:

- A Master's Degree in economics, science, public administration, business administration, social sciences or equivalent and 2 years of related experience; OR
- A Bachelor's Degree and 3 years of related experience

Related experience must include:

- Experience in the development of legislation, regulation and policy.
- Experience in planning and coordinating complex projects/assignments.
- Experience in concisely and persuasively writing a range of documents/content.
