

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Canadian Pacific is a transcontinental railway in Canada and the United States with direct links to major ports on the west and east coasts, providing North American customers a competitive rail service with access to key markets in every corner of the globe. CP is growing with its customers, offering a suite of freight transportation services, logistics solutions and supply chain expertise. Visit [cpr.ca](http://cpr.ca) to see the rail advantages of CP. **PURPOSE OF THE POSITION** The successful candidate will be responsible for maintaining database related incidents and requests, fulfilling requests and resolving incidents within Service Level Agreements (SLAs). **POSITION ACCOUNTABILITIES**

- Review service related reports (e.g. database backups, maintenance, monitoring) on a daily basis to ensure service related issues are identified and resolved within established SLAs;
- Respond to database related alerts and escalations and work with database vendors to come up with strategic solutions to recurring problems;
- Provide operational support for our Database Management Systems;
- Develop database management tools and utilities and monitor DBMS infrastructure to ensure continued operation against availability and performance service targets;
- Analyze and sustain capacity and performance requirements;
- Execute demand and capacity management processes to ensure that the infrastructure can meet upcoming project and organic growth demand;
- Assist project teams in the proper design and implementation of the database solutions;
- Develop or participate in database upgrades and patching;
- Participate in Business Continuity services for Disaster Recovery;
- Participate in providing 7x24 database supports.

### POSITION REQUIREMENTS

- University degree or equivalent in Engineering, or Computer Science is required;
- 5+ years of SQL Server and/or Oracle working experience;
- Working experience with HANA, DB2LUW and Sybase would be an asset;
- Ability to analyze and troubleshoot performance issues;
- Good organizational and planning skills, results oriented;
- Ability to communicate effectively;
- Must be a team player;
- Ability to analyze and troubleshoot performance issues;
- Demonstrated capability in leading, mentoring and coaching;

### WHAT CP HAS TO OFFER:

- Flexible and competitive benefits package
- Competitive company pension plan
- Employee Share Purchase Plan
- Performance Incentive Program
- Annual Fitness Subsidy

**ADDITIONAL INFORMATION:** As an employer with national presence, the possibility does exist that the location of your position may be changed based on organizational requirements. **Background Investigation:** The successful candidate will need to successfully complete the following clearances:

- Criminal history check
- Reference check

Management Conductor Program: Becoming a qualified conductor or locomotive engineer is the single best way for a management employee to learn the business at CP. You may be required to obtain a certification or to maintain your current certification/qualification as a conductor or locomotive engineer. CP is an equal opportunity employer committed to the principles of employment equity and inclusion. We welcome applications from all qualified individuals. All applicant information will be managed in accordance with the federal Personal Information Protection and Electronic Documents Act ("PIPEDA").
