

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

**Company** Canada Mortgage And Housing Corporation (CMHC)

**Location** Canada, Across Canada

**Date Posted** From: 2019-10-17 To: 2019-11-16

**Job** Type: Full-time Category: Miscellaneous

**Languages** English Essential

### Description

Sector: Policy and Innovation

Language Designation: English Essential

Language Skill Levels (Read/Write/Speak): ZZZ

Salary Range: \$74852.60 to \$93565.75

Position Status: Permanent Full Time

Weâ€™re not your typical government agency

Canada Mortgage and Housing Corporation (CMHC) exists for a single reason: to make housing affordable for everyone in Canada. Weâ€™re mobilizing the expertise and energy of governments, non-profits, lenders, developers, social entrepreneurs and co-ops to create the future of housing. At CMHC, we believe that everyone in Canada should have a place to call home.

Experience a Results-Only Work Environmentâ„¢ (ROWEâ„¢)

At CMHC, we trust you to get the job done. Weâ€™ve shifted from managing people to managing work. Each employee is 100% autonomous and 100% accountable. You can choose where you need to be and when you need to be there to meet your objectives. Youâ€™re in control of your time and are trusted to make the right decisions.

About the role

Weâ€™re constantly evolving to build an inclusive housing system through research, design, innovation and partnerships. You will provide technical input into the analysis and modelling of economic, housing and mortgage market activity at the national, provincial and local levels in order to meet both internal and external client needs. Your experience monitoring the impact of changes and contributing to the development of recommended actions for CMHC will help us make housing affordable for everyone in Canada.

What you will need

â€¢ Bachelorâ€™s degree in economics or an equivalent combination of work experience and education.

â€¢ Minimum of three years of experience in an economics role.

â€¢ Demonstrated knowledge and understanding of external public and private data and information services involved in the monitoring and analysis of economic activity.

â€¢ Demonstrated ability to effectively communicate economic and housing market information both orally and in writing to senior level audiences.

â€¢ Demonstrated understanding of and experience with analysis and forecasting of the general economy, housing and mortgage markets.

â€¢ Demonstrated knowledge and experience in applying statistics, econometric modelling, regression analysis, seasonal adjustment, simulation and forecasting techniques, and statistical software packages.

What you will be doing

Monitoring and Application

â€¢ Guide the selection and use of appropriate analytical tools and methodologies to monitor progress, identify trends and recognize risks in the housing market to communicate resulting implications to the functional leader and/or senior management.

â€¢ Provide input into the analysis of economic and housing market activity at the national, provincial and local levels using sound econometric modelling and analytical techniques. Ensure input is relevant and tactical and can support decision-making.

â€¢ Lead and produce CMHC analyses and publications designed for internal and/or external use.

â€¢ Lead and produce briefing materials for senior management ensuring content is appropriate for non-specialist audiences, relevant and actionable.

â€¢ Lead the development and maintenance of working relationships with housing industry professionals to keep abreast of changing market trends, ongoing development, market drivers and client analytical needs in order to provide timely and relevant housing market insights.

â€¢ Incorporate industry research and intelligence gathering activities into housing market knowledge that enables timely, relevant and meaningful insights.

Analysis and Modelling

â€¢ Lead the development of models and use statistical and mathematical analyses to test economic relationships. Ensure accurate input into new and existing CMHC econometric model suites.

â€¢ Provide input into the development of new micro and macroeconomic models pertaining to the Canadian housing market.

â€¢ Prepare and deliver presentations based on analyses of economic and housing market activity to senior level internal and external stakeholder audiences in order to support decision making.

â€¢ Act as spokesperson with more complex media requirements at a higher coverage level. Act as lead spokesperson for market analysis of a significant Canadian market (i.e., Vancouver, Toronto, Montreal).

Best Practice Monitoring and Application

â€¢ Identifies potential feeder groups from which qualified candidates can be sought and recruited, and proposes staffing options.

People Leadership (human relations skills)

â€¢ Understanding, influencing and/or serving people are important considerations in causing actions or acceptance by others.

Relationship Management

â€¢ Lead, develop, and maintain working relationships with housing industry professionals to keep abreast of changing market trends, ongoing development, market drivers and client analytical needs in order to provide timely and relevant housing market insights as appropriate and as per authority

granted by the supervisor.

• Develop and maintain working relationships with economists, econometricians, and other specialists in the housing industry as appropriate and as per authority granted by the supervisor.
