

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

CP is growing with its customers, offering a suite of freight transportation services, logistics solutions and supply chain expertise. Visit cpr.ca to see the rail advantages of CP. For more on our purpose, culture, and strategy, visit cpr.ca/en/about-cp. PURPOSE OF THE POSITION: The Specialist Locomotive Designs' primary function is to improve the return on locomotive assets by developing and implementing locomotive design strategies for their specific use by class, type, corridor, etc. Interface with various departments within the organization including: Service Design, Transportation Execution team, Train & Enginemen teams, Mechanical Services, and Strategic Sourcing team (fuel). POSITION ACCOUNTABILITIES:

- Develop, implement, and accurately represent the locomotive design strategy which supports the Operating Plan (OP), Local Operating Plan (LOP), and Yard Operating Plan (YOP) while achieving corporate productivity, service commitments, and reducing overall locomotive costs;
- Provide ongoing analysis and develop recommendations for fleet sizing requirements based on design requirements, forecasted train starts, fleet capacity, and use;
- Perform periodic Yard and Local (LOP) locomotive reviews in concert with T&E and Operations Centres to optimize the use of the yard and local locomotive fleets;
- Maintain accurate records of the locomotive requirements in LOP and OP, as well as locomotives in Low GTM services;
- Develop fuelling strategies to reduce fuel costs, maximize fueling range while minimizing train delay and locomotive dwell throughout the network;
- Provide input to train design changes and the weekly Changes to Base Plan broadcasts;
- Provide ad-hoc analysis and recommendations for specific requests with respect to the use and supply of specific locomotive fleets;
- Monitor Locomotive Consist Compliance against the actual locomotive profile design and provides feedback to the Operations Centres and Mechanical Services;
- Communicate Locomotive and train design issues to Transportation Execution and Service Design teams;
- Complete analysis on the use of specific locomotive fleets to determine if the fleet types are being utilized in the correct services.

POSITION REQUIREMENTS:

- University degree in business or related field;
- Prior experience in CP Operations/Transportation and Service Design departments considered an asset;
- Working knowledge of CP's network and general train design;
- Knowledge of various classes of locomotive equipment including haulage ratings and fuel consumption;
- Proficient in the use of Microsoft Suite (Excel, Word and Powerpoint);
- Thorough knowledge of TC, FRA and Environmental locomotives regulations;
- Proficient or previous experience with CP Systems: Various Dashboards including Locomotive Operations and Traffic Analysis, Integrated Train Management, TYES, NEXUS;
- Previous knowledge or experience with basic arithmetic and equivalent competency;
- Exceptional communication skills with ability to influence startum 3, 4, 5 leaders;
- Ability to communicate effectively, both orally and in writing;
- Must be able to work independently with minimal supervision;
- Must be comfortable delivering presentations to groups.

WHAT CP HAS TO OFFER:

- Flexible and competitive benefits package
- Competitive company pension plan
- Employee Share Purchase Plan

- Performance Incentive Program
- Annual Fitness Subsidy

ADDITIONAL INFORMATION:As an employer with national presence, the possibility does exist that the location of your position may be changed based on organizational requirements. **Background Investigation:**The successful candidate will need to successfully complete the following clearances:

- Criminal history check
- Reference check

Management Conductor Program:Becoming a qualified conductor or locomotive engineer is the single best way for a management employee to learn the business at CP. You may be required to obtain a certification or to maintain your current certification/qualification as a conductor or locomotive engineer. CP is an equal opportunity employer committed to the principles of employment equity and inclusion. We welcome applications from all qualified individuals. All applicant information will be managed in accordance with the federal Personal Information Protection and Electronic Documents Act ("PIPEDA").
