

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Canadian Pacific is a transcontinental railway in Canada and the United States with direct links to major ports on the west and east coasts. CP provides North American customers a competitive rail service with access to key markets in every corner of the globe. CP is growing with its customers, offering a suite of freight transportation services, logistics solutions and supply chain expertise. Visit cpr.ca to see the rail advantages of CP. For more on our purpose, culture, and strategy, visit cpr.ca/en/about-cp. PURPOSE OF THE POSITION: As the Service Design Analyst Systems you will interpret, input and maintain Operating Plan changes across a suite of IT systems including

- Intelligent Train Scheduler (ITS), MultiRail (MREE), Profile Editor (PE) and Nexus. Specific accountabilities include train profile and blocking reviews, creation and maintenance of all train profiles in Profile Editor (PE), blocks, block to train relationships and train schedules in MultiRail (MREE). This includes management of access and permissions as well as protecting quality and integrity within the systems (data and system performance). POSITION ACCOUNTABILITIES:
- Interpret and input design changes in the appropriate IT system tools with intuitive understanding of traffic and systems flow;
 - Updates; change customer cutoffs; create detour profiles; add and cancel trains in Nexus;
 - Responsible for the export of Operating Plan changes to downstream systems via the Railway Extract & Distribution (RED) process throughout each week;
 - Perform blocking plan reviews;

- Build communication broadcast describing Operating Plan changes;
- Build and maintain Local Operating Plan documents;
- Provide effective, timely support for Design systems to the Service Design department;
- Manage and input Service Design reports which include but not limited to all services SD provides through Operating Plan Explorer in CP Station;
- Provides cross functional coverage for schedule development through the use of the Intelligent Train Scheduler (ITS) application;
- Subject matter expert in IT system tools as it relates to current Operating plan systems and new system tool development;
- Provide guidance and in some cases lead IT system improvements.

POSITION REQUIREMENTS:

- University degree in Computer Systems or equivalent experience with CP applications/systems is required;
- Prior experience within CP Operations/Transportation and Service Design departments is an asset.
- Expert knowledge of MultiRail, Train Profile Editor, Railway Extract & Distribution (RED) Cycle, Nexus, TYES and Corporate reports an asset. ;
- Proficient in the use of Microsoft Excel.
- Strong data analysis.
- Strong attention to detail;
- Good teamwork skills;
- Ability to effectively communicate complex systems data in layman terms.

WHAT CP HAS TO OFFER:

- Flexible and competitive benefits package
- Competitive company pension plan
- Employee Share Purchase Plan
- Performance Incentive Program
- Annual Fitness Subsidy

ADDITIONAL INFORMATION:As an employer with national presence, the possibility does exist that the location of your position may be changed based on organizational requirements. **Background Investigation:**The successful candidate will need to successfully complete the following clearances:

- Criminal history check
- Reference check

Management Conductor Program:Becoming a qualified conductor or locomotive engineer is the single best way for a management employee to learn the business at CP. You may be required to obtain a certification or to maintain your current certification/qualification as a conductor or locomotive engineer. CP is an equal opportunity employer committed to the principles of employment equity and inclusion. We welcome applications from all qualified individuals. All applicant information will be managed in accordance with the federal Personal Information Protection and Electronic Documents Act ("PIPEDA").
