

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Specialist, Enterprise Cost Analyst Reference Code: 83581 Location: Canada (CA) - Calgary, AB Job Category: Accounting/Finance Employment Type: Employee Full-time Relocation Eligibility: This position is not eligible for our relocation program Application Deadline: 04/20/2021 We all need energy. It warms our homes, cooks our food, gives us light, and gets us where we need to go. It also improves our quality of life in countless other ways. At TC Energy, our job is to deliver that energy to millions of people who depend on it across North America. And we take our job very seriously. Guided by our values of safety, integrity, responsibility and collaboration, we develop and operate our facilities safely, reliably and with care for our impact on the environment. With our presence across the continent, our people play an active role in building strong communities. We're proud of how our hard work and commitment sets us apart and benefits society, every day. We're looking for new team members who share our values and are ready to take on exciting challenges.

The opportunity

The energy landscape is changing, transitioning to a lower-carbon energy future and we are striving to further develop a high-performance and cost-conscious culture.

We are seeking a cost specialist who has knowledge and experience in enterprise-wide cost control processes. In addition to having proven technical analytical skills, you will have excellent communication and interpersonal skills to liaise with senior leaders within TC Energy.

This position reports to the Vice-President, Total Rewards and Shared Services and is responsible for developing, implementing and coordinating processes across the organization in support of enhancing our culture of cost consciousness and competitiveness.

What you'll do

- Collaborate with senior leaders and enterprise-wide senior financial professionals to develop ongoing processes to identify, track and monitor cost efficiency opportunities
- Lead collaborative cost review meetings with senior leaders across the organization
- Perform enterprise-wide cost analysis to identify innovative cost efficiencies
- Conduct external benchmarking analysis as required in support of assessing competitiveness, and setting cost targets and metrics
- Model best practices by coordinating the budgeting and forecasting processes for Corporate Services
- Supervise and guide a small team in execution of the team deliverables, including mentor and coach others in the application of technical knowledge and resolution of problems
- Other duties as required.

Minimum Qualifications

- Undergraduate degree in a related field
- Minimum of 15 years of progressive related experience

Preferred Qualifications

- Professional accounting or financial designation (CPA – CA/CMA/CGA, or CFA)
- Excellent organizational and analytical skills with ability to manage multiple and competing priorities
- Strong interpersonal skills and the ability to interact effectively with all levels of the organization
- Strong or advanced knowledge of Excel and Power BI
- Experience working in SAP and/or Workday

About our business

TC Energy is a leading energy infrastructure company in North America. We have three complementary businesses of natural gas pipelines, liquids (oil) pipelines, and power generation. Our operations span three countries, seven Canadian provinces, and 34 U.S. states.

Apply now! Apply to this posting by 04/20/2021 using reference code 83581. You must apply through our jobs system at jobs.tcenergy.com. Only applications submitted through our system will be acknowledged. Applications may be submitted using a mobile device or a desktop / laptop computer. TC Energy is an equal opportunity employer and participates in the E-Verify program supervised by the U.S. government. Thank you for choosing to grow your career with TC Energy. * Depending on qualifications, the successful candidate may be offered a position at a more appropriate level and/or ladder. * All positions require background screening. Some require criminal and/or credit checks to comply with regulations. * Consistent with our employment practices, we reserve the right to consider the cost of relocation when making internal hiring decisions.
