

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Canadian Pacific is a transcontinental railway in Canada and the United States with direct links to major ports on the west and east coasts. CP provides North American customers a competitive rail service with access to key markets in every corner of the globe. CP is growing with its customers, offering a suite of freight transportation services, logistics solutions and supply chain expertise. Visit cpr.ca to see the rail advantages of CP. For more on our purpose, culture, and strategy, visit cpr.ca/en/about-cp. **PURPOSE OF THE POSITION:** The Project Manager – Special Projects will provide Canadian Pacific with effective project management of internally and externally funded railway related facilities and projects. The successful candidate will conduct feasibility studies, site reconnaissance, site surveying, project development, conceptual & detailed engineering design, and will direct and coordinate site work activities associated with assigned major construction projects, ensuring completion within targeted budget amounts and timelines.

POSITION ACCOUNTABILITIES:

- Provide oversight in execution of assigned capital projects;
- Provide safety leadership by fostering continuous improvement in workplace safety through deployment of standardized work procedures on project worksites;
- Provide oversight to consultants working on CP projects;
- Provide timely and responsive service to Business Development for 3rd party projects;
- Deliver projects within defined scope, timeframe and budget;
- Co-ordinate work activities with internal and external departments and customers to ensure the

safe, cost-effective and responsive execution of new construction projects and programs;

- Prepare and update drawings, memos, technical reports and external correspondence in a clear and concise manner;
- Ability to report on project progress, and influence decision making by senior management on project funding and design issues;
- Ability to professionally represent CP's position on technical and operational matters to third party agencies involved in the oversight and execution of large capital projects;
- Requires travel when necessary to visit project sites and manage on site work. Project sites may be remote.

POSITION REQUIREMENTS:

- Bachelor's degree - Civil Engineering;
- Registration or eligibility for registration as a Professional Engineer is preferred, Technicians and EIT's may be considered;
- Minimum of 10 years' experience overseeing the design and construction of significant civil infrastructure projects;
- Demonstrated leadership capabilities with ability to manage multiple conflicting priorities, and successfully problem solve and innovate when required;
- Strong organization skills to clearly articulate complex technical challenges to non-technical internal and external stakeholders;
- Field work and construction management experience including site recon, surveying, scoping, construction supervision and contract administration would be beneficial;
- 1 to 3 years' of railway experience with progressive responsibility in physical plant and structure maintenance and construction is desirable;
- Familiarity with CP planning and appropriation process, CP standards & practices, Railway Operating Rules (CROR), Provincial/State and Federal regulations and other applicable railway related standards and regulations considered an asset;
- Working knowledge of SAP, Windows XP, Microsoft Project, Microsoft Excel, Word, Power Point, AutoCad, Civil 3D;
- Effective interpersonal and communication skills;

WHAT CP HAS TO OFFER:

- Flexible and competitive benefits package
- Competitive company pension plan
- Employee Share Purchase Plan
- Performance Incentive Program
- Annual Fitness Subsidy

ADDITIONAL INFORMATION:As an employer with national presence, the possibility does exist that the location of your position may be changed based on organizational requirements. **Medical Requirements:**

Operating safely is a core foundation of CP. Our commitment is to protect our people, customers, communities in which we operate, the environment and our assets. We are also committed to a healthy and safe workplace. CP's Alcohol and Drug Policy and Procedures ("Policy and Procedures") support these commitments. All new hires for a safety sensitive position will be required to complete a pre-employment medical that includes a physical, vision, hearing, alcohol and drug audit assessment. Pre-employment qualification drug test(s) are also required.

Background Investigation: The successful candidate will need to successfully complete the following clearances:

- Criminal history check
- Reference check

Management Conductor Program: Becoming a qualified conductor or locomotive engineer is the single best way for a management employee to learn the business at CP. You may be required to obtain a certification or to maintain your current certification/qualification as a conductor or locomotive engineer. CP is an equal opportunity employer committed to the principles of employment equity and inclusion. We welcome applications from all qualified individuals. All applicant information will be managed in accordance with the federal Personal Information Protection and Electronic Documents Act ("PIPEDA").
