BACKGROUND:

Right To Play is a global organization that protects, educates, and empowers children to rise above adversity using play. By harnessing play, one of the most powerful and fundamental forces in a child's life, we helped 2.3 million children last year to stay in school and out of work, to prevent life-threatening diseases like HIV and malaria and to stay safe from exploitation and abuse. We are the only global development organization focused exclusively on using play to transform the lives of children and youth impacted by poverty, war, disease, and inequality.

Established in 2000, Right To Play reaches children through experiential programming in 15 countries in Africa, Asia, the Middle East, and North America. These programs are supported by our headquarters in Toronto, Canada; London, UK and eight national offices across Europe (Germany, The Netherlands, Norway, Sweden, Switzerland, UK) and North America (Canada, US).

With a shared passion for our mission, our Culture Code guides how we act and interact based on

five core pillars:

- Accept Everyone - Be intentional about inclusion
- Make Things Happen - Seek opportunities to lead and innovate
- Display Courage - Act with integrity
- Demonstrate Care - Look after yourself and one another
- Be Playful - Have fun at work
