

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Ministry of Energy, Mines and Low Carbon Innovation

Multiple Locations

This position can be performed from one of the following BC communities: Victoria, Vancouver, Prince George, Cranbrook, Smithers, Kamloops.

This position is also posted as a Scientific Technical Officer (Resource) 27 via REQ 96945.

Inspector of Mines, Investigative Lead

\$70,683.48 - \$89,678.84 annually, plus a \$34.20 bi-weekly isolation allowance for Smithers

The Ministry of Energy, Mines and Low Carbon Innovation is responsible for British Columbia's electricity, alternative energy, mining and petroleum resource sectors and supporting work to meet BC's greenhouse gas reduction targets.

The Inspector of Mines, Investigative Lead, leads investigative teams through serious, complex investigations which seek to establish the causal nature of incidents and which may uncover evidence of regulatory breaches or regulatory offences. This position works to ensure compliance with legislation, policies and other standards and provide senior professional compliance and enforcement services.

Qualifications for this role include:

- Registered, or immediately eligible for registration, as a fully licensed professional with the British Columbia professional association as required by the specialty area. (i.e. Association of Forest Professionals, Institute of Agrologists, Association of Professional Engineers & Geoscientists). Note: Immediately eligible for registration is defined as being able to transfer a current membership from an applicable jurisdiction to the BC association within six (6) months of employment. Confirmation of registration/eligibility is required before an offer of employment can be made.
- Degree in a related professional field or equivalent as recognized by the relevant association and a minimum of 2 years' related experience in a natural resource field, heavy industry or experience in investigations, occupational health and safety, compliance, and enforcement.
- Experience leading investigations and demonstrated experience conducting complex regulatory offence or criminal investigations and taking enforcement action.
- Experience with and ability to prepare administrative hearing and/or court documents for complex enforcement scenarios.
- Experience in the file coordination of complex enforcement scenarios.
