

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

About the Opportunity

Our Surrey office is looking to add a skilled Civil Technologist to our transportation team. Do you want to benefit from the support of industry professionals while working on exciting and complex projects

You will be working with our transportation team to complete designs from high-level conceptual through to detailed design.

Specifically, in this role, you will:

- Carry out drafting and design tasks using Civil 3D
- Support project teams with drawing production, construction specifications, and quantity calculations
- Adhere to client and/or internal production standards
- Expand your working knowledge of transportation design
- Effectively communicate with team members and project leaders
- Perform quality control and verify the accuracy of design drawings
- Develop your civil engineering skills by working alongside a dedicated team of professionals

Due to COVID-19, the opportunity to work remotely and from home does exist, although, from time-to-time, we may need assistance with client work or face-to-face meetings. Therefore, the individual would need to reside in the Lower Mainland.

Experience

Our preferred candidate will have a Diploma from an accredited Civil Engineering Technology program with up to 3 years of work experience.

Essential Skills

The following attributes would be considered beneficial to this role:

- You are proficient in AutoCAD and Civil 3D (required)
- You have a keen interest in transportation design
- You have a working knowledge of TAC and BC MoTI guidelines and standards
- You are willing to learn new software as required
- You are a self-starter that can work independently and collaborate effectively with others
- You are detail-oriented and take pride in producing high quality work
- You have strong written and oral communication skills
- You are registered or eligible for certification with ASTTBC (preferred)

Work Environment

About Us

Urban System is an employee-owned inter-disciplinary consulting firm with deep Canadian roots. Since 1975, we have grown to more than 500 people with 15 offices across Canada. Every day, our purpose-driven team works closely with our clients and their communities to deliver impactful work. We are proud to work with diverse clients including Indigenous communities, all levels of government, commercial and residential land developers, and the natural resource sector.

Recognized as one of Canada's top employers, we care for our communities and for our people. It's our

differences that make us exciting, and our shared belief in Urban Systems that binds us together. Weâ€™re searching for the creative and passionate and the curious and courageous to join us in creating meaningful and generational change in communities.

How to Apply

Click "Apply Now" If this describes your background, your skills, and your natural talents, please check out our website for more information and submit your resume and cover letter.

Deadline for applications: October 22, 2021 at 9:00 am PST.

Urban Systems is an equal opportunity employer. We strive to create an inclusive culture for all employees. Our clients come from all walks of life and so do you. We believe that diversity and unity amongst our teams leads to building vibrant communities.
