

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Do you want to help shape Canada's financial services industry

|Who We Are:

The Canadian economy depends on the exchange of billions of dollars each day. Payments Canada is responsible for the clearing and settlement infrastructure, processes and rules essential to those transactions.

Like a complex network of bridges and roads, Payments Canada connects. We connect with our system participants and stakeholders to promote value flow in the economy. And we connect payers and payees to meet the needs of Canadian businesses and consumers.

In accordance with our mandate, Payments Canada also facilitates the interaction of our systems with other payment systems, both within Canada and internationally, and facilitates the development of new payment methods and technologies.

|The Position

The Financial Market Risk Team is integral to Payments Canada ensuring Payments Canada's payment systems comply with Bank of Canada Risk-Management Standards and international best practices which include monitoring and reporting on financial risks that our members are exposed to by participating in our clearing and settlement systems including those currently operated by Payments Canada and the systems that will be developed as part of Payments Canada's Modernization initiatives.

We are seeking an enthusiastic student who is currently obtaining a post-secondary degree in data science, finance, economics, or related field, to support our Financial Market Risk team. This is a temporary full-time opportunity, for a four or eight month term.

This position will support various initiatives, including but not limited to:

- Supporting the Financial Market Risk Team and its associated activities
- Reviewing current monitoring documentation and expanding the scope of reporting
- Supporting the development of the Financial Market Risk Monitoring Framework for new payments initiatives
- Performing day-to-day administrative tasks such as maintaining information files.

### Experience

|Requirements

- Excellent written and oral communication skills
- Outstanding work ethic, ability to work in a dynamic team environment, and excellent problem-solving skills
- Intellectual curiosity, ability to learn quickly, and strong attention to detail
- Data analysis and coding experience in any language would be considered an asset

### Education Requirements

Currently enrolled in a post-secondary program in data science, finance, economics, or a related field

### Work Environment

| Payments Canada as an Employer

Talent development is a priority at Payments Canada. Advancement of your skills and competencies is of mutual benefit to you as an individual and to us as an organization. Payments Canada will provide you with a team environment and organizational culture that will support continued growth and individual

learning opportunities that progress you along a rewarding career path.

We are committed to developing inclusive, barrier-free recruitment and selection processes, and a work environment that supports our diverse workforce. Please let us know if you require accommodations at any stage of the recruitment process. We can be reached at [hr@payments.ca](mailto:hr@payments.ca).

### How to Apply

If this role excites you, we want to hear from you at [hr@payments.ca](mailto:hr@payments.ca)!

We look forward to learning more about your past accomplishments and educational and career journey to date in your accompanying cover letter and resume.

Closing Date: October 2nd, 2020
