

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

May 2022 - Communications/Public Relations Student Opportunities (Various Positions)Reference Code: 90743 Location: Canada (CA) - Calgary, AB

Job Category: Student Opportunities; Communications/Marketing

Employment Type: Student Full-Time (Summer or Co-op/Internship)

Relocation Eligibility: This position is eligible for our domestic relocation program

Application Deadline: 01/30/2022 We all need energy. It warms our homes, cooks our food, gives us light, and gets us where we need to go. It also improves our quality of life in countless other ways. At TC Energy, our job is to deliver that energy to millions of people who depend on it across North America. And we take our job very seriously. Guided by our values of safety, integrity, responsibility and collaboration, we develop and operate our facilities safely, reliably and with care for our impact on the environment. With our presence across the continent, our people play an active role in building strong communities. We're proud of how our hard work and commitment sets us apart and benefits society, every day. We're looking for new team members who share our values and are ready to take on exciting challenges. To remain competitive, support our high-performance culture and allow for more flexibility in the way we work, we offer a hybrid work model and flexible dress code for our eligible office-based workforce in Canada, the U.S. and Mexico.

The opportunity

Are you up for the challenge We're on the lookout for students enrolled in a Bachelor of Communications Program, with various majors and specializations.

We engage our Communications students in the very core of our operations. As a valued member of the team, you'll do exciting, challenging work, solve real world problems, and make a meaningful impact. You'll learn about the business and build your professional network by working closely with other skilled people at TC Energy. Every day will enhance your knowledge, skills and passion for what you do.

Roles are based in Calgary and responsibilities will depend on your team and work location. To be considered for student opportunities, please submit a general application online, or watch for specific job postings at your Co-op/University Career Services Centre in September 2021 and January 2022, and tailor your application accordingly.

Minimum Qualifications

- Actively enrolled in a Bachelor of Communications degree program, or equivalent, with at least one semester of education complete
- Enrollment at an accredited university, and returning to school for at least one semester following your work term
- Exhibit a safety mindset, in a professional and personal setting
- Must exhibit the TC Energy's corporate values and incorporate them into work activities and initiatives: safety, responsibility, integrity and collaboration
- Legally entitled to work in Canada by way of Canadian citizenship, permanent residency or a valid work permit

Preferred Qualifications

- Strong interpersonal and communicative skills to work efficiently in a collaborative team environment
- Committed to building and maintaining relationships with internal and external stakeholders
- Ability to accurately analyze information and deal with ambiguity
- Experience working in a dynamic and challenging environment, and adaptable to changing priorities
- Ability to multi-task effectively, with strong organizational and time management skills
- Reflective and committed to continuous improvement and personal development

About our business

TC Energy (formerly TransCanada) is a leading energy infrastructure company in North America. We have three complementary businesses of natural gas pipelines, liquids (oil) pipelines, and power generation. Our operations span three countries, seven Canadian provinces, and 34 U.S. states. Apply now! Apply to this posting by 01/30/2022. Only applications submitted through our system will be acknowledged. Applications may be submitted using a mobile device or a desktop / laptop computer.

We will consider you for available student positions based on your skills -- you don't need to apply for a specific position. However, specific job ads will be posted at various Co-op/University Career Services Centres throughout September 2021 and January 2022. If any of these catch your interest, please note the timelines and reference the job title(s) in your cover letter. Apply as soon as possible as roles will be filled when the right candidate is found. TC Energy is an equal opportunity employer.
