

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

A propos de notre entreprise
 TC Energie est une importante entreprise qui exploite des infrastructures energetiques en Amerique du Nord. Nous avons trois domaines d'activites complementaires : les gazoducs, les oleoducs et la production d'electricite. Nos operations couvrent trois pays, sept provinces canadiennes et 34 Etats americains.

Community Relations Liaison We all need energy. It warms our homes, cooks our food, gives us light, and gets us where we need to go. It also improves our quality of life in countless other ways. At TC Energy, our job is to deliver that energy to millions of people who depend on it across North America. And we take our job very seriously.

Guided by our values of safety, integrity, responsibility and collaboration, we develop and operate our facilities safely, reliably and with care for our impact on the environment. With our presence across the continent, our people play an active role in building strong communities.

We're proud of how our hard work and commitment sets us apart and benefits society, every day. We're looking for new

team members who share our values and are ready to take on exciting challenges.

The opportunity

Our Provincial & Community Relations team is evolving to meet the needs of our growing business and we are expanding our presence in Quebec to support the operation of assets in our Natural Gas and Power & Storage business units. This position is office-based, with the option of working from our Magog, Mascouche, or Les Cedres locations depending on the candidate.

We are seeking a highly collaborative and motivated professional who has knowledge and experience in community relations and engagement to support our team. Reporting to the Community Relations Manager - Canada, while taking day-to-day direction from the Quebec Community Relations Lead, this individual will support local engagement efforts in support of several functional areas including: Regional Operations and Pipeline Integrity, Public Awareness, Regional Emergency Preparedness, Community Investment and, if required, some capital project development.

What you'll do

- Support the development and the execution of community engagement plans and strategies to support operational priorities regionally, pipeline integrity and capital project capacity (where applicable)
- Identify, build and maintain relationships with communities and key stakeholders including public officials and emergency responders
- Work with internal clients and the Quebec Lead to execute strategies in support of Damage Prevention within Public Awareness, Regional Emergency Preparedness, Community Investment and TC Energy's Scholarship Program
- Prepare and deliver presentations to external audiences on our corporate, project, and operations activities
- Participate in the development of project communication materials and coordinate the delivery of project information packages and updates
- Develop and implement event plans and attend local outreach events as required (i.e. open houses, conferences, local community outreach activities)
- Complete regulatory applications and permitting requirements, where applicable
- Develop, maintain and manage stakeholder engagement logs and ensure data integrity within TC Energy's engagement tracking system
- Understand and uphold all internal policies and processes relevant to the role including, but not limited to:
 - TC Energy's Stakeholder Engagement Commitment Statement and Project Delivery Standard
 - Gifting and Lobbying policies
 - Stakeholder tracking requirements using StakeTracker
 - Corporate Community Investment Program using Benevity
 - Emergency Preparedness and ICS-based emergency response
 - Regional field-based safety and driver training.

Minimum Qualifications

- A completed bachelors' degree with a focus in Political Science, Public Relations, Communications or an equivalent level of education and training in community relations, negotiation, mediation or public involvement techniques is required
- A minimum of four (4+) or more years of Community Relations or relevant work experience is a requirement
- Bilingual in French and English with the ability to provide verbal and written support to stakeholders in both languages fluently
- Excellent verbal and written communication skills and the capability to manage information and data on multiple levels
- Knowledge of regulatory requirements and business drivers associated with community and stakeholder engagement goals
- Excellent interpersonal and presentation skills with a customer service focus is critical for success in this role
- A valid driver's license and satisfactory driving record are mandatory
- Resident of Quebec with the flexibility to travel for work if required

Preferred Qualifications

Ability to think strategically, weigh issues and recommend effective and fit for purpose solutions

Ability to influence and negotiate with internal and external stakeholders

Strong professional/personal network within the region of work and the ability to continuously expand relationships

Demonstrated skills in facilitation, diplomacy, conflict resolution, problem solving and public speaking

Previous experience and a passion for working in the energy industry is considered an asset

Understanding of TC Energy's business and organization as well as knowledge of internal processes and procedures is considered an asset

Previous experience using StakeTracker software to document stakeholder engagement is considered an asset About our business
