

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

What you'll do

- Development and implementation of communications and engagement strategies in support of PDE & SC initiatives
- Support broad engagement programs between PDE & SC and the BUs
- Business planning and change management planning by collaborating with a variety of PDE & SC portfolios
- Ensure alignment between PDE & SC and other Technical Centre portfolios
- Engage with Project execution personnel at all levels across TC Energy
- Support internal communications within the PDE & SC organization, including Leadership Team engagement and broader organizational communications avenues
- Engage with Corporate Communications and Change Management teams in the development and implementation of key communication and engagement initiatives
- Utilize strategic communications tools (Sharepoint, PowerPoint, MS Teams, Infocus).

Minimum Qualifications

- University Degree related to communications, training or project management
- Minimum of four (4) or more years of related progressive experience
- Demonstrated experience in supporting the development of strategic communications and engagement plans in support of critical business initiatives
- Demonstrated ability to develop and maintain strong networks to further business objectives
- Demonstrated understanding of project development and interface between key project functions
- Advanced experience with MS Office Software including Word, Excel, PowerPoint, Outlook, Project
- Self-starter with demonstrated organizational leadership and interpersonal skills

Preferred Qualifications

- Ability to work with ambiguity synthesizing information into clear messaging and statements
- A self-starter with demonstrated organizational leadership and people skills
- Excellent communications and presentations skills, to enable effective interaction with project teams and senior leadership
- An attitude and aptitude for continuous improvement and change management coupled with a pragmatic and flexible approach to completing work both in a group and independent setting
