

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Company TC Energy

Location Calgary, AB

Date Posted From: 2022-01-14 To: 2050-01-01

Job Type: Full-time Category: Resource Sector

Description

Director, Financial Trading and Pension Asset Management Reference Code: 97944 Location: Canada (CA) - Calgary, AB

Job Category: Accounting/Finance

Employment Type: Employee Full-time

Relocation Eligibility: This position is not eligible for our relocation program

Application Deadline: 01/28/2022 We all need energy. It warms our homes, cooks our food, gives us light, and gets us where we need to go. It also improves our quality of life in countless other ways. At TC Energy, our job is to deliver that energy to millions of people who depend on it across North America. And we take our job very seriously. Guided by our values of safety, integrity, responsibility and collaboration, we develop and operate our facilities safely, reliably and with care for our impact on the environment. With our presence across the continent, our people play an active role in building strong communities.

We're proud of how our hard work and commitment sets us apart and benefits society, every day. We're looking for new team members who share our values and are ready to take on exciting challenges.

To remain competitive, support our high-performance culture and allow for more flexibility in the way we work, we offer a hybrid work model and flexible dress code for our eligible office-based workforce in Canada. The opportunity

Reporting to the Vice-President and Treasurer, we are seeking a Director, Financial Trading and Pension Asset Management who has proven skills, competencies and experience to lead TC Energy's financial risk management and pension asset management teams. The financial risk management team is responsible for developing strategy and managing our foreign exchange, liquidity and interest rate exposures with the objectives of reducing financial performance volatility, minimizing consolidated financial charges and creating economic value for TC Energy. Financial instruments are used to manage these exposures within established risk tolerances and controls. The pension asset management team is responsible for managing a significant portfolio of invested assets in various pension plans and trusts in both Canada and the U.S. and is also responsible for

governance and reporting related to the plans. What will you do

- Lead a team of financial traders responsible for developing strategy and executing the management of TC Energy's significant foreign exchange and interest rate exposures with an active portfolio of derivatives
- Oversee the management of a robust commercial paper and investment program
- Lead a team responsible for the invested assets of various pension plans and trusts including defined benefit, defined contribution, capital accumulation, health and welfare plans and pipeline abandonment trusts
- Identify, monitor and manage risks and develop and recommend strategies for effective management thereof, within TC Energy's risk management policies
- For the pension and trust assets, monitor investment performance and asset mix, advise on potential investment strategy changes, and validate market based assumptions
- Ensure compliance with policies, mandates and regulations
- Prepare materials for distribution and participate in various senior leadership, committee and board of director meetings
- Collaborate, communicate and maintain strong relationships with many different internal and external groups (corporate finance, cash management, risk management, accounting, tax, human resources, legal, banks, investment managers, pension service providers) as required to deliver results

Minimum qualifications

- University degree in business, finance or economics
- Professional designation such as the CFA charter or equivalent
- Minimum of 10 years of progressive work experience, with experience in a financial markets-focused environment
- Strong understanding of economics, financial markets, products and risk management concepts
- Strong communication and presentation skills and the ability to represent the company in a professional manner
- Results-oriented, driven and organized problem solver with a desire to improve efficiency
- Ability to prioritize and handle multiple assignments and projects, and make decisions in a dynamic and, at times, stressful environment
- Ability to lead an effective team with integrity and create an environment where employees feel included, valued and supported

Preferred qualifications

- Ability to work effectively across all levels in the organization, where flexibility, collaboration, and adaptability are important
- Understanding of accounting concepts related to financial instruments
- Proficiency with systems such as Bloomberg, Excel, Power BI, SAP, etc.
- Strong project management skills
- Some travel is required
