

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

BC Public Service

Ministry of Forests, Lands, Natural Resource Operations and Rural Development

Multiple Locations

Forest Technologist Inventory

Apply now for Forest Technologist positions across British Columbia!

Salary \$53,856.66 - \$61,096.97 annually

We are currently seeking to fill full-time and part-time permanent and temporary positions throughout British Columbia. Applicant inventories are used to streamline the recruitment experience. They are designed so applicants can be considered for multiple opportunities with the BC Public Service.

Successful applicants will be placed into an applicant inventory and notified of opportunities as they arise. Only members of the inventory will be provided access to postings for these jobs.

A career path in BC Timber Sales (BCTS) offers exceptional opportunities to develop new solutions to complex problems, to learn, and grow personally and professionally. BCTS is a semi-autonomous program within the Ministry of Forests, Lands and Natural Resource Operations and Rural Development. BCTS plans, develops, and sells through auction, a substantial and representative portion of the Province's annual available timber volume.

As a Forest Technologist, you will perform a variety of technical and operational duties to support the planning, engineering and reforestation activities of the Timber Sales Office. Applying your knowledge of technical forestry management and field operations, you will estimate and compile resource needs, cost requirements, and conduct resource assessments. An integral part of a high-functioning, multidisciplinary field team, you will perform various activities required to develop Timber Sales Licenses and support Field Team operations.

Qualifications for this role include:

• Graduation with a diploma or a degree in resource or forestry management.

• Registered with the Association of British Columbia Forest Professionals (ABCFP) as a Registered Forest Technologist (RFT) or Registered Professional Forester (RPF) AND a minimum of two years of experience in operational field forestry activities,

OR

• Enrolled, or eligible for immediate enrollment, with the Association of British Columbia Forest Professionals (ABCFP) as a forest professional in training (TFT, ASTFT, FIT, ASFIT), for the purpose of obtaining an RFT or RPF designation AND a minimum of four years of experience in operational field forestry activities.
