

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Closing Date (MM/DD/YYYY): 05/07/2021

Worker Type: Permanent

Language(s) Required: English

Expertise in loan products and sustainability protocols needed

Lead the team that owns FCC's loan product development and our customer-facing sustainability practices

What you'll do:

- Lead the development of loan, leasing and insurance products
- Develop a conceptual framework for product management and development
- Implement a strategy and explore FCC's work in carbon markets and sustainability
- Provide strategic guidance, direction and coaching for the team

What we're looking for:

- Strong communicator and mentor
- Proven leader committed to helping others succeed
- Collaborative relationship-builder and team player
- Critical thinker with sound judgment and solid decision-making abilities
- Organized multi-tasker who thrives in a fast-paced workplace

What you'll need:

- An advanced degree in agriculture, technology, finance, business administration or commerce and at least ten to fifteen years of related experience (or an equivalent combination of education and experience); a background in agriculture is an asset
- Experience in financial services industry preferred
- Experience in carbon markets preferred
- Experience with sustainability protocols and programs preferred
- Knowledge of strategic planning and product management
