

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Job number: Treasury Reporting and Data Analyst

requisition number R-1004842

Location: Regina, Saskatchewan

Closing date: March 30, 2023

Language(s) required: English.

Worker Type: Term (Fixed Term)

Term Duration (in months): 21

Attention to detail rewarded

Take the lead in analyzing and reporting on Treasury activities, risk management and performance measurement.

Champion the data and analytical tools needed of Treasury.

What you'll do:

- Prepare reports for senior management
- Assess, quantify and summarize Treasury activities and performance
- Develop and implement data and analytics tools
- Work with data teams across FCC to build committed partnerships that enhance data and analytics knowledge, quality and availability
- Lead the annual review of all working policies and guidelines

What we're looking for:

- Strong attention to detail and ability to analyze data
- Ability to manage multiple priorities and requests while staying organized and composed
- Clear and concise written and verbal communication abilities

What you'll need:

- A degree in business, majoring in finance or accounting and a minimum three years of experience (or an equivalent combination of education and experience)
- An understanding of fixed income, and cash and derivatives markets
- Knowledge of SAS enterprise analytics toolsets
