

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Ministry of Forests

This is a temporary opportunity until March 31, 2025. This temporary opportunity may become permanent.

This position may be performed in Victoria, Vernon, Prince George. Other locations may be considered subject to operational considerations and executive approval.

Senior Lean and Project Management Specialist

BC Timber Sales (BCTS) is a unique program of the Ministry of Forests (MOF). Working collaboratively with regional and district operations, BCTS plans, develops, and auctions a substantial portion of the province's annual available timber volume.

To find out more about our program check out the BCTS website.

The Senior Lean and Project Management Specialist manages large scale projects (medium to long term) with significant internal and external impacts, a range of internal and external partners and significant assigned resources. This role is accountable for defining and controlling all project activities to ensure delivery within scope, schedule, budget, and specified quality. The Senior Specialist is a provincial expert on the theories, disciplines and tools associated with Lean and Project Management, BC Timber Sales Teams, and safety.

Qualifications for this role include:

- Degree in business administration, public administration, management sciences, natural resources or equivalent.
- Must be qualified to complete Project Management Professional Designation or Certified Associate in Project Management within 6 months of commencement of position.
- Experience in facilitation and organizational development/learning.
- Experience coordinating and leading diverse work groups.
- Experience independently managing projects.
- Experience in directing the work of contracted and staff resources.
