

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Specialist, Electromechanics

Six (6) temporary, full-time positions â€” Richmond, BC

Donâ€™t miss this opportunity to join Canada Post and leverage your experience in maintaining and repairing a variety of mechanical or electromechanical systems and equipment.

As an Electromechanical Specialist, you will primarily provide preventive and corrective maintenance of the electromechanical aspects of all types of postal equipment to ensure its good working order and continued operation. This includes all phases of maintenance, i.e. troubleshooting, testing, repair and monitoring of mail-processing and mail-handling equipment. In this role, you will also be responsible for maintaining the associated electrical and electronic portions of systems.

These temporary assignments of 5 to 6 months, offering the possibility of an extension and/or permanency, will be of interest to Industrial Mechanics, Millwrights, Mechanical Technicians and Mechanical Technologists.

YOUR QUALIFICATIONS:

You bring a successful track record to the role of Specialist, Electromechanics:

â€¢ Completion (at minimum) of a 2-year post-secondary program in either a mechanical or electromechanical field (these trades/programs could include industrial mechanic, millwright, mechanical technician/technologist). DEC in Quebec.

â€¢ Two (2) years of experience (within the last five years) in the maintenance and repair of a variety of mechanical or electromechanical systems and equipment, or a diploma per educational requirements above funded by Canada Post in the last five years.

â€¢ Proficiency in English.

â€¢ Knowledge of testing, diagnosis and adjusting of mechanical or electro-mechanical systems and equipment.

â€¢ Understanding of mechanical, hydraulic, and pneumatic systems and principles.

â€¢ Basic understanding of electronics and electrical systems and principles.

â€¢ Ability to exercise physical effort in lifting heavy equipment and tools, and perform maintenance routines under a variety of conditions, including cramped spaces, heights and other awkward

positions.

• Ability to:

- o Operate a computer and use programs such as Windows and MS Office.
- o Recommend changes in prevention maintenance procedures and practices.
- o Conduct investigations to determine cause of breakdowns and recommend remedial action to prevent recurrences.
- o Troubleshoot.
- o Initiate work orders requesting corrective actions.
- o Report on circumstances surrounding equipment failures, and recommend measures for corrective actions.
- o Educate other personnel on safe and effective operating procedures for the equipment/systems in use.

How to Apply
