

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Company	Simon Fraser University	
Location	Burnaby, British Columbia	
Date Posted	From: 2019-11-05	To: 2020-01-04
Job	Type: Full-time	Category: Education
Job Start Date	September 1, 2020 (flexible)	
Languages	English	

Description

The Department of Statistics and Actuarial Science at Simon Fraser University invites applications for a full-time tenure-track appointment in Actuarial Science at the Assistant or Associate Professor rank to commence September 1, 2020 (flexible). Any areas of expertise will be considered, but areas of particular interest are: property and casualty (P&C) insurance, and predictive analytics.

Candidates must have a PhD in Actuarial Science or a closely related field, outstanding research record or potential, and evidence of excellence in teaching. We encourage applications from candidates who will engage in collaboration with other scientists who have data and/or work in related research areas. Preference will be given to qualified candidates who are credentialed membersâ€™Associate or Fellowâ€™of an actuarial professional organisation such as the Canadian Institute of Actuaries (CIA), the Society of Actuaries (SOA), the Casualty Actuarial Society (CAS). Candidates must also have excellent interpersonal and communication skills.

The primary responsibilities of the position include developing and maintaining an active, externally funded research program; teaching a wide range of undergraduate and graduate courses in actuarial science; and participating in departmental, university, and professional service. The successful candidate will also be expected to supervise students in our Actuarial Science Mastersâ€™™ program and in the Departmentâ€™™s PhD program in Statistics with concentration in Actuarial Science.

The application must include a cover letter explaining the applicantâ€™™s interest in the position, a full curriculum vitae, a concise description of research area and program, a description of teaching experience and philosophy, and the names and addresses of four references. Applications should be submitted to the department Chair, Dr. Tim Swartz, care of the Chairâ€™™s Secretary, Kelly Jay, at stchsec@sfu.ca. Candidates should arrange to have the reference letters submitted directly to the same address on their behalf. Questions about the position can be directed to the same address. Screening of applicants will commence on January 1, 2020 and will continue until the position is filled.

The Department of Statistics and Actuarial Science is comprised of 18 continuing faculty members in Statistics, and five in Actuarial Science. The department is recognized internationally for its academic excellence and is the new permanent home of the Canadian Statistical Sciences Institute (CANSSI). Simon Fraser University is recognized as a Center of Actuarial Excellence by the SOA and has been a fully accredited program since the implementation of the University Accreditation Program by the CIA.

Simon Fraser Universityâ€™™s main campus is located in Burnaby, BC, a suburb of Vancouver. The campus sits atop a forested mountain in a region renowned for its scenic beauty. The metropolitan area offers tremendous opportunity for outdoor activities, as well as cultural diversity. Vancouver is perennially listed among the worldâ€™™s most livable cities.

The position is subject to budgetary approval.

All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.

SFU is an equity employer and encourages applications from all qualified individuals including women, persons with disabilities, visible minorities, Indigenous Peoples, people of all sexual orientations and gender identities, and others who may contribute to the further diversification of the university.

Under the authority of the University Act personal information that is required by the University for academic appointment competitions will be collected. For further details see:
