

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

<b>Company</b>	Interior Health Authority	
<b>Location</b>	Princeton, British Columbia	
<b>Date Posted</b>	From: 2018-07-04	To: 2018-12-31
<b>Job</b>	Type: Part-time	Category: Health Care
<b>Languages</b>	English	

### Description

Medical Lab Technologist opportunity now available at the Princeton General Hospital!

As the Laboratory Technologist you will work autonomously within our supportive and cohesive team environment, providing vital Lab services to both inpatients and outpatients from the Princeton community and surrounding areas. This is a generalist Lab position and offers an excellent opportunity to hone independent practice and self-direction within our small and varied laboratory – basic chemistry, transfusion medicine, hematology and blood bank. Histology and microbiology are sent to our larger lab in Kelowna.

Typical duties include: routine and/or complex tests utilizing manual procedures and automated instruments, greeting patients, collecting and/or receiving specimens, entering data into the Laboratory Information System (LIS), validating/reporting test results, maintaining instruments and preparing solutions and control agents.

This is a permanent part-time 0.40fte position. Days of work are rotating and shift times are: 08:00 to 16:00, 06:30 to 14:30 and 07:30 to 15:30 with a weekend and on-call requirement. This position offers competitive compensation and comprehensive benefits plan that includes coverage for basic medical services, dental and extended health including massage therapy, chiropractic, physiotherapy in addition to life insurance and long-term disability.

Interior Health Laboratory is strongly committed to staff development and encouraging growth. We offer many fulfilling opportunities to support and enhance knowledge and skills and help you progress at every stage of your Laboratory career.

If you are passionate about making a difference, apply today and join our talented and committed team.

Community:

Situated in the foothills of the Cascade Mountains, you will find the quaint and welcoming community of Princeton, BC. Offering affordable housing, a four season playground for outdoor enthusiasts and yet conveniently located just a short drive from the South Okanagan and 3hrs from Vancouver; making Princeton a perfect location to maximize your work-life balance.

### Experience

One (1) year recent related experience

### Credentials

Current certification with the Canadian Society for Medical Laboratory Science (CSMLS) and eligible for membership with the BC Society of Laboratory Sciences (BCSLS) and/or CSMLS

### Education Requirements

Graduation from an approved Medical Laboratory Science Program
