

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Ministry of Energy, Mines and Low Carbon Innovation

This position can be based in any of the following Ministry of Energy, Mines and Low Carbon Innovation offices: Victoria, Vancouver, Smithers, Cranbrook, Kamloops and Prince George.

Flexible work options are available; this position may be able to work up to a few days at home per week subject to an approved telework agreement.

An eligibility list may be established to fill future temporary and permanent vacancies.

Employees of the BC Public Service must be located in BC at the time of employment.

Inspector of Mines - Occupational Health

\$80,652.20 - \$91,992.70 annually

The Inspector of Mines - Occupational Health reviews, develops, enforces, promotes and educates on occupational health regulations. These regulations are set by the Mines Act and Health, Safety and Reclamation Code for Mines in BC (HSR Code). The role may travel to do mine inspections, including reviewing health programs, training, equipment, and procedures to ensure compliance. The role will also support and guide Ministry staff and others across the province on occupational health. Additionally, the role will prepare inspection reports, guidance materials, briefing notes, and correspondence.

The BC Public Service is committed to creating a diverse workplace to represent the population we serve and to better meet the needs of our citizens. Consider joining our team and being part of an innovative, inclusive and rewarding workplace.

Qualifications for this role include:

- Master's Degree in Occupational Hygiene and a minimum of one (1) year of experience in the application of occupational hygiene principles; OR,
- A professional designation in occupational hygiene (e.g. Certified Industrial Hygienist or Registered Occupational Hygienist) and a minimum of one (1) year of experience in the application of occupational hygiene principles; OR,
- An equivalent combination of education and experience may be considered, such as a Bachelor's of Science Degree and three (3) years of application of occupational hygiene principles.

Preference may be given to candidates with one (1) or more of the following:

- Master's Degree or professional designation (e.g. CIH, ROH).
- Experience in the application of occupational hygiene principles in mining or heavy industry.
- Experience working within a regulatory agency, preferably in mining.
