

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Experience valuing agricultural, commercial or industrial assets rewarded

As part of our national valuation and environmental risk team, youâ€™ll assist in credit risk mitigation by performing market research and meeting with customers to value different types of collateral and ownership rights. Youâ€™ll work closely with internal partners in the Operations and Credit Risk divisions.

What youâ€™ll do:

- Travel to farms, agribusiness and agri-food operations, and FCC offices in your region
- Research the local marketplace
- Appraise various types of collateral
- Review internal and external appraisals
- Coach and help train Operations and Credit Risk Division colleagues
- Contribute market analysis and appraisal expertise to the annual FCC Farmland Values Report

What weâ€™re looking for:

- Strong communicator who can adjust to different audiences and actively contribute to a geographically dispersed team
- Ability to make reasoned decisions using limited market data
- Relationship builder and partner who cultivates mutual respect
- Effective teacher and coach
- Attention to quality and consistency
- Ability to support and sustain ongoing change

What youâ€™ll need:

- A degree in business or agricultural economics and at least three years of experience (or equivalent combination of education and experience)
