

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

About Western

With an international reputation for success, Western ranks as one of Canada's top research-intensive universities. Our research excellence expands knowledge and drives discovery with real-world application. Western also provides an exceptional employment experience, offering competitive salaries, a wide range of employment opportunities and one of Canada's most beautiful campuses.

About Us

Western Research provides strategic and administrative support to foster a culture of research excellence that enhances Western University's profile on the global stage. We support our scholars through collaboration, communication, and service. Western Research supports a broad definition of research, including discovery, innovation, creativity, and artistic works.

Responsibilities

New federal guidelines have been introduced which will integrate national security considerations into the development, evaluation, and funding of research partnerships and grant programs. The role will collaborate in the identification and mitigation of research security threats. The Research Security Officer will conduct assessments to ensure compliance with applicable requirements, develop and deliver training to various stakeholders, and provide client-oriented services. The role will be responsible for identifying, developing, and implementing strategies to meet the security objectives of the University relating to research and commercialization activities. The Research Security Officer will collaborate in the identification and mitigation of research security threats and serve as a resource to faculty, staff, students and senior leadership for best practices regarding research security, including research partnerships, data governance, cyber security, intellectual property, and research related activities.

### Experience

- 5 years experience addressing and advancing research security within a research-intensive, or post-secondary environment or similar complex organization
- Experience in the field of security and risk management preferred

### Education Requirements

- Undergraduate Degree in a research related discipline
- Master's degree (thesis based) preferred

### Essential Skills

- Demonstrated knowledge of the geo-political context relevant to research and innovation
- Knowledge of the vulnerabilities to research and innovation security, cyber security, intellectual property, and data governance
- Familiarity with intellectual property management, including copyrights and patents
- Oral and written communication skills with an emphasis on proposal development and delivering presentations
- Communication skills to translate information into easily understood terms, summarize information, provide a rationale for action and with an ability to complete detailed analytics and reports
- Ability to work in a manner that models best practices in confidentiality standards
- Customer service skills to understand customer needs and expectations, with a desire to deliver helpful and reliable service to the University community
- A desire to grow and advance skills, which is demonstrated by attending conferences, workshops and other professional developmental opportunities to enhance performance
- Professional manner, tact, diplomacy and discretion in dealing with associates and colleagues including senior management
- Ability to provide guidance, support and feedback in a way that is positively received
- Intermediate computer skills in Microsoft Office Suite
- Ability to understand, interpret, and effectively communicate University guidelines, policies and practices to key stakeholders

- Ability to evaluate issues, recognize potential problems and take action to proactively resolve issues
- Project management skills to manage multiple projects simultaneously from conception to completion within tightly prescribed timelines

**Other**

**Western Values Diversity**

The University invites applications from all qualified individuals. Western is committed to employment equity and diversity in the workplace and welcomes applications from women, members of racialized groups/visible minorities, Indigenous persons, persons with disabilities, persons of any sexual orientation, and persons of any gender identity or gender expression.

Accommodations are available for applicants with disabilities throughout the recruitment process. If you require accommodations for interviews or other meetings, please contact Human Resources at [hrhelp@uwo.ca](mailto:hrhelp@uwo.ca) or phone 519-661-2194.

Please Note:

We thank all applicants for their interest; however, only those chosen for an interview will be contacted.
