

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Currently there is 1 permanent opportunity available in Williams Lake.

An eligibility list may be established for future temporary and/or permanent opportunities in Williams Lake, Dawson Creek, or Merritt.

The recruitment process for this competition may take place virtually.

Applicants who do not fully meet the required qualifications may be considered for this position, but at a lower classification.

Reporting to the District Range Officer, the Range Agrologist acts as expert for the District's Range Program. Key range activities include: operational planning, inventory (plant species composition, forage productivity and usability, livestock limiting factors, range use levels and stocking rates), range tenure administration (grazing and hay cutting, grazing leases), range developments and practices, effectiveness evaluations, and ecosystem restoration.

The BC Public Service is committed to creating a diverse workplace to represent the population we serve and to better meet the needs of our citizens. Consider joining our team and being part of an innovative, inclusive and rewarding workplace.

For information about the Indigenous Applicant Advisory Service please visit: Indigenous Applicant Advisory Service - Province of British Columbia ([gov.bc.ca](http://gov.bc.ca))

### Experience

- Bachelor of Science or higher in range management, plant ecology or related field that includes range science.

Preference may be given to applicants with 1 year or more of experience in range management and administration.

- Registered (or immediately eligible\*) for full registration, as a Professional Agrologist with the BC Institute of Agrologists.

\*Note: Immediately eligible is defined as being registered as a professional Agrologist in another Canadian jurisdiction and able to transfer that membership to the BCIA within 6 months of employment. It is the responsibility of the applicant to have the BCIA review their qualifications to ensure they have the necessary requirements for registration.
