

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce Canadian Indigenous Job Seekers to a new approach to job searching. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Canadian Indigenous Peoples with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

The Business Solutions Manager is responsible for supporting and implementing a variety of business applications and works closely with all areas of the Bank to understand the day to day operations and business needs while providing support and identifying ways to leverage technology to achieve business goals. The position combines managerial responsibilities with in-depth hands on functional expertise and acts as the subject matter expert for common issues and concerns for a number of business applications. As a people manager you will be responsible for staffing, staff management, performance management and continuous service improvement for your respective area.

Experience

- Minimum of 3 years management experience
- 7 years experience in supporting and implementing enterprise applications
- Experience with report writing software, such as Crystal Reports
- Strong SQL query
- Experience in the banking industry or with banking enterprise applications or vendors would be an asset

Education Requirements

Degree or certificate from an approved technical college in a computer-related field such as Information Technology/Computer Science (an equivalent combination of education, training and experience may also be considered)

Essential Skills

- Excellent negotiation skills are required for interacting with both internal business partners and external partners and vendors
- Strong verbal, written and presentation communication skills, including the ability to communicate effectively with technical and non-technical audiences
- Excellent analytical and problem-solving skills
- Demonstrated skills in building diverse teams to work towards common objectives
- Proven ability to lead multiple medium to large projects simultaneously, on time and within budget - PMP designation would be a strong asset

Other

This position will be based at our Head Office in Saskatoon, Saskatchewan on a Monday through Friday work week. We thank all candidates for their interest, however, only those selected for an interview will be contacted.

How to Apply

Please submit your cover letter and resume to: hr@fnbc.ca
