

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Canada Research Chair (Tier 2) Innovative Regulatory Governance and Health Policy, Faculty of Health Disciplines

In the rapidly evolving digital era, particularly in a post-pandemic world, regulatory governance and health policy is an increasingly vital area of interdisciplinary health research. As the global challenges associated with regulatory governance and policy transcend disciplinary silos, AU seeks an exceptional emerging scholar with demonstrated potential for leadership and international recognition in the field to be nominated for a Tier 2 Canada Research Chair (tenure track appointment at the rank of Assistant or Associate Professor) in the Faculty of Health Disciplines.

The nominee will develop a funded-research program in and beyond health-focused disciplines to encourage new models of collaborative thinking in regulatory governance and policy. This may include areas such as global health regulatory governance and policy in the digital era (e.g., regulatory changes following the rapid acceleration of virtual professional services during the pandemic) as well as integrated and equity-based data in regulatory governance (e.g., regulatory data collection and use that includes key diversity data to contribute to post-pandemic workforce planning). In their activities and outcomes, the Chair will contribute to a community of practice in this field of inquiry, foster national and international partnerships in research, lead in digital-first research approaches, and generate traditional and non-traditional knowledge translation products. They will foster and role-model a collaborative and inclusive approach to research and supervision, including engaging in mentorship within and beyond the immediate activities of the Chair and lead applications for external sources of provincial, national, and international research funding for research and students. The Canada Research Chair Program seeks to attract and retain a diverse cadre of world-class researchers to reinforce academic research and training in Canadian postsecondary institutions. Tier 2 Chairs are intended for exceptional emerging scholars (i.e., candidates must have been an active researcher in their field for fewer than 10 years at the time of nomination) who (a) are excellent emerging world-class researchers who have demonstrated particular research creativity, activity, output, and impact, (b) have demonstrated the potential to achieve international recognition in their field in the next five to ten years, and (c) have the potential to attract, develop, and retain excellent trainees, students, and future researchers. The chairholder must demonstrate an original, innovative, and high-quality research program. Chairs are tenable for five years and renewable once. Applicants who are more than ten years from having earned their highest degree and, where career breaks, such as maternity, parental or extended sick leave, clinical training, etc., exist, may have their eligibility for a Tier 2 Chair assessed through the program's Tier 2 justification process. Effective March 1, 2020, research interruptions caused by the COVID-19 pandemic are recognized and may be counted as an eligible delay. Candidates are encouraged to highlight how alternative paths and/or interruptions have impacted them in their applications. Please consult the Canada Research Chairs website for full program information, including further details on eligibility criteria, www.chairs-chaires.gc.ca. AU recognizes the legitimate impact that leaves (e.g., maternity leave, leave due to illness) can have on a candidate's record of research achievement. These leaves will be taken into careful consideration during the assessment process.

The Canada Research Chairs Equity, Diversity, and Inclusion Action Plan and target setting methodology guide AU's efforts toward inclusive excellence and aims of increasing representation of the four federally designated groups in the University's CRC program. These four groups include: gender, Indigenous Peoples, persons with disabilities, and visible minorities. AU invites individuals from all four designated groups to apply. In accordance with AU's CRC Equity, Diversity and Inclusion Action Plan, equity targets for the four designated groups, and pursuant to section 10.1 of the Alberta Human Rights Act, the selection committee is particularly interested in receiving applications from individuals who are women, transgender men, transgender women, two-spirit, and gender-fluid. AU recognizes intersectionality in the growth of its CRC program and welcomes applications from those who self-identify as members of these and other designated groups.

As you proceed through this application process in our system, you will be encouraged to self-identify. The data will be collected by the Human Resources office and the Chair of the selection committee.

The personal information collected through this application process is authorized by section 33(c) of the Freedom of Information and Protection of Privacy Act, R.S.A 2000 c.F-25 (FOIP Act). The information you provide will be used for assessing and confirming your suitability and eligibility throughout the hiring process.

If you have any questions related to the collection of personal information, please contact, Deputy, CHRO, 1, University Drive, Athabasca, Alberta, T9S 3A3, 587-588-7377, psmeltz@athabascau.ca.

How to Apply

Click "Apply Now "

All qualified candidates are encouraged to apply; however, Canadians and permanent residents of Canada will be given priority. Please indicate in your cover letter if you are a Canadian citizen, permanent resident or neither.

Applications for this position should be made by the submission of a cover letter indicating areas of research experience and excellence, a curriculum vitae, a brief five-year research plan, examples of relevant scholarly work, and letters of support from three referees. The opportunity is open to both internal and external candidates. For external candidates, recruitment to be finalized upon successful nomination and research program approval by

CRC. The present CRC position is publicly posted as of December 1, 2021. The closing date for the opportunity is January 10, 2022.

AU is committed to ensuring that the application and interview process is accessible to all applicants; if you require accommodations or have questions about AU benefits, services, accommodations policies or equity considerations, please contact Crystal Wong, Manager, HR Client Advisory Services, via email at cwong@athabascau.ca.

APPLICATIONS ONLY ACCEPTED THROUGH: https://athabascau.acquiretm.com/job_details_clean.aspxID=2316

Athabasca University has implemented a proof of COVID-19 vaccination policy for all employees, effective December 1, 2021. AU is committed to protect the health and safety of its employees, learners, visitors, and others in our communities who access University property or participate in University Events in-person.

New hires must be compliant with Athabasca University's mandatory COVID-19 Vaccination Policy. Please click on the link below to review the complete policy:

AU shapes and enables mutually supportive communities, regardless of where those communities exist. AU's Strategic Plan IMAGINE: Transforming Lives. Transforming Communities (<http://imagine.athabascau.ca/>) has as one of its strategic themes "Moving Beyond Place." We are embracing this theme and will be transitioning to a near-virtual work environment by December 2021. At that time this role may become permanently home-based. Educational credentials will be verified upon hire. All educational credentials must be recognized in Canada.

We will only accept applications received through our online recruitment system. Please include your resume, letter of application, and the names, telephone numbers, and email addresses of three references.

All qualified candidates are encouraged to apply; however, Canadian Citizens, Permanent Residents, and Landed Immigrants will be given priority. If suitable Canadian citizens or permanent residents cannot be found, other individuals may be considered.

Athabasca University is committed to employment equity and encourages applications from women, Indigenous Peoples, persons with disabilities, persons of any sexual orientation, persons of any gender identity and expression, and members of visible minorities.
