

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

#### Job Summary

The Sr. Risk Analyst will report directly to the Director, Risk Initiatives within the Risk Management function. The successful candidate will be responsible for providing analytical and technical support for strategic risk and business initiatives within the Risk Management function.

#### Responsibilities

- Support risk and business initiatives focused on optimizing risk decisioning tools and processes; explore innovative solutions (e.g., data acquisition, new technologies, new 3rd party suppliers, etc.) to challenge current approaches to the underwriting decision framework.
- Lead risk assessments of new product and service initiatives and provide analysis, feedback and recommendations related to underwriting policies, risks and mitigants and implementation strategy.
- Support the Risk Management team on strategic projects, providing subject matter expertise and detailed portfolio analysis.
- Work with external partners and suppliers related to new business initiatives to ensure requirements are clearly defined and prioritized.
- Collaborate with internal stakeholders (National Sales, Operations, IT, Loss Mitigation) on lender-specific projects and initiatives; drive to resolution of key decision items with a sense of urgency by utilizing data and analysis with a deep understanding of stakeholder needs.
- Develop comprehensive monitoring and reporting on new and existing initiatives to determine overall effectiveness and provide updates to key stakeholders (Risk -Management, Project Leads)
- Provide support and analysis on completing business validations for internal modeling projects where insurance risk insight is required.

### Experience

#### Qualifications

Minimum of 5 years or more of demonstrated mortgage lending and/or risk management experience with focus on analytics in a mortgage lending environment

Demonstrated experience with mortgage underwriting policies, regulatory and compliance requirements

Strong analytical skills with the ability to gather, analyze and present data using tools such as

Microsoft Excel, MicroStrategy and PowerPoint

Previous experience in working with a dynamic team, in a fast-paced business environment with an ability to manage multiple priorities

Strong project management, presentation, and interpersonal skills

Proven verbal and written communication skills

Organized and customer centric
