

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Location	Kingsville, Ontario	
Date Posted	From: 2022-06-17	To: 2022-12-14
Job	Type: Full-time	Category: Manufacturing
Job Start Date	8-2-2022	
Job Salary	\$29-\$37.00 hr	
Languages	English	

Description

Kingsville Stamping Limited was founded in 1986 and the company started with one 30-ton press and has since grown to 24 presses, 3,000-ton capable operation. Kingsville Stamping is a well-equipped production facility that is supported by engineering, maintenance, tooling, welding/assembly, and repair/rebuild. Our employees are the foundation for our high industry standards in regards to quality, reliability, flexibility, and on-time delivery.

We are looking for a Tool and Die Repair Technician who has at least 3 years in the Automotive stamping industry. 3 months probationary contract, leading permanent hire.

Estimated Start Date: As soon as possible

Own Tools/Equipment

Tools; Steel-toed safety boots; Safety glasses/goggles

Salary: \$29.00-\$36.00 (master), \$37.00 (lead) /hour

Benefits: extended medical insurance, dental insurance, life insurance, and uniforms.

Responsibilities and Duties

Primary Duties

- * Follow die repairs and PM of Tools as per production schedule
- * Troubleshoot die and press issues to ensure that they are addressed in an accurate and timely manner for continued automotive metal stamping production for all three shifts.
- * Confirm performance of die by installing die, inspecting operation of automation or manual press die, making adjustments, and comparing a finished product to specification.
- * Repair dies - double, triple hit, mislocation
- * Preventive maintenance (PM) on all tools and dies.
- * Operate tool and die room machines and cooperated with CNC/CMM team.

Measure parts to spec and have a basic working knowledge of GD&T.

- * Die repairs in the press

Secondary Duties

- Organize dies and move dies to tool shop with overhead crane
- Clean up after repairs
- Any other duties assigned by the tool and die team lead

Work Conditions and Physical Capabilities

Fast-paced environment; Handling heavy loads; Attention to detail; Standing for extended periods

Personal Suitability

Effective interpersonal skills; Accurate; Team player; Excellent oral communication; Organized

Able to work three-shift rotations bi-weekly, Days 6:00 am to 2:30 pm, Afternoons 2:30 pm to 11:00 pm, Midnight shifts: 11 pm to 6:00 am, Must be worked up to 48 hours.

Qualifications and Skills

Education

Credentials (certificates, licenses, memberships, courses, etc.)

Tool and Die Maker Trade Certification(433A); (optional)

Skills

Experience in manufacturing automotive stamping dies
