

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Hatch is currently seeking an Analyst, Community Collaboration that will be an integral part of a growing practice. As the Analyst, Community Collaboration, you will deliver the following:

- Support the delivery of innovative solutions for our clients on engagement for a variety of stakeholders, including but not limited to: Indigenous groups, communities, academia, non- governmental organizations, government, media
- Record, research and prepare for client audits to identify and anticipate any social risks to project development, including solutions to meet these challenges
- Support community and stakeholder engagement by developing records of consultation and coordinating community needs
- Assist resource or infrastructure companies as they deliver upon their socioeconomic commitments and support the development of plans to meet industry best practices
- Assist in developing concordance tables and cross-reference material to ensure our clients are meeting any regulatory duties of engagement for environmental assessments in collaboration with our Environment and Sustainability group
- Identify client opportunities with project managers across the Hatch organization and externally
- Share your experiences with colleagues and clients at speaking events, networking events, conferences, webinars and through online blog posts

Skills and Qualifications:

- Post-secondary education in communications, sustainability, or administration
- Minimum of 1-3 years' experience in community and stakeholder engagement, supplier development or communications
- Creative and approachable with a willingness recommend innovative solutions with clients
- Experience working on major projects
- Willingness for both domestic and international travel as work requires
- Effective, open communication and presentation style with the ability to plan and deliver best in class, high quality deliverables.
- A willingness to proactively meet clients' needs whether big or small

Preferred: "Go-getter" attitude, optimistic and resilient, ability to be flexible, learn and perform challenging tasks outside area of skills and experience

Core Competencies: Core competencies: Leadership, Consultative, entrepreneurial, relationship builder, implementer, networker, collaborator
