

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce Canadian Indigenous Job Seekers to a new approach to job searching. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Canadian Indigenous Peoples with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Domino's started back in 1960 as a single-store location in Ypsilanti, Michigan. Over the years, we expanded to three stores, and thus came the three dots on our logo. The original plan was to keep adding dots for every store, and at over 17,000 stores worldwide (6,300 in the U.S.) you can probably figure out why that original plan didn't work.

You might be thinking, "Wow, how does Domino's get food to 17,000 stores?" Well, that's where you come in. We have 22 food supply and dough manufacturing centers in the U.S., and seven more across Canada, Hawaii and Alaska. They provide fresh dough, equipment and supplies to franchise and company-owned Domino's stores in the U.S. and Canada. In 2019 alone, these centers made 720,000 deliveries.

Want to get in on the fun? We'd love to have you.

RESPONSIBILITIES:

- Develop production/operational goals based on actual and projected customer needs, and investigate any cause, and possible solutions to any problems reflected in the metrics
- Complete daily production statistical reports including, pounds per labour hour, over time, trays per hour, total trays, and total hours used, and manage weekly schedule
