

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Information management and data governance expertise needed

Identify, assess and monitor information risk and control effectiveness. Youâ€™re a strong communicator able to lead responsible and effective discussion with diverse audiences, and you have proven experience writing related policies and processes.

What youâ€™ll do:

- Develop requirements for reporting on risk categories and subcategories in accordance with risk taxonomies.
- Research and implement key risk indicators to monitor FCCâ€™s overall risk trends
- Aggregate insights through risk reporting information and oversee the development of regular executive reports for the Board of Directors and risk management committees

What weâ€™re looking for:

- Dedicated team player who shines in an agile, multi-department and collaborative environment
- Problem-solver able to deliver on critical timelines and manage multiple priorities
- Relationship-builder and influencer with proven intellectual curiosity

What youâ€™ll need:

- Undergraduate degree in agriculture, economics or business administration; a finance, accounting or risk management designation; at least four years of experience (or an equivalent combination of education and experience)
