

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

About the Opportunity

We are looking to add an IT Technician to service our growing Vancouver Island branches for a 12-month term. This temporary position is based out of our Victoria Office, but you will also be required to maintain a bi-weekly presence in our Courtenay Office.

Can you stay calm in the face of changing priorities and enjoy putting your service mindset to work? If organization is your mainstay, you are energized working with lots of different people, and you have some know-how in IT, let's connect!

Working alongside our team of IT professionals, you will carry out a variety of duties in computer software and hardware support services as well as some computer programming/scripting. You will be a first point of contact for the Victoria and Courtenay branch staff.

In this role, you will get to contribute to our team by:

- Installing, configuring, and troubleshooting PC's, Windows servers, printers, network devices, and peripheral equipment.
- Providing technical support to staff.
- Installing and supporting common office and engineering software applications.
- Participate in the planning and execution of IT initiatives for your offices.
- Demonstrating a commitment to learning through the ongoing achievement of personal and professional goals.

About You

Our ideal candidate is someone with 4+ years of related experience and a graduate of a Computer Technology diploma program. Applicant should have experience in administering a Microsoft environment, and Cisco CLI experience would be considered an asset. We are a professional consulting firm committed to supporting vibrant communities - this mindset is as important to our internal clients as it is to our external. We are also looking for the following skills, strengths and interests:

- You are comfortable with dealing with a wide variety of issues and people.
- You are a passionate problem solver.
- You are energetic and enthusiastic - someone who thrives in a fast-paced environment.
- You have highly effective verbal and written communication skills.
- You are motivated by a desire to provide excellent service.
- You are excited to make connections within your local community.
- You are self-directed and take the initiative to get things done.
- You possess a valid class 5 driver's license.
