

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

<b>Company</b>	Calfrac Well Services
<b>Location</b>	Red Deer, Alberta
<b>Date Posted</b>	From: 2022-04-11 To: 2022-07-18
<b>Job</b>	Type: Full-time Category: Industrial
<b>Languages</b>	English

### Description

Calfrac is looking for hard-working Operators in Training for our Fracturing and Coiled Tubing department in Red Deer. We offer paid Class 1 Mandatory Entry Level Training (MELT), guaranteed base compensation and a competitive job revenue bonus. Our MELT Certified Operator in Training program provides entry level opportunities within our field operating teams. Recognizing that you are new to the services industry you will be provided with position specific and Class 1 driver's license training. Additionally, through the aid of a service leading mentor you will gain exposure to district and field operations and will be trained to operate Calfrac equipment. Like all members of the Calfrac team you will need to be a dedicated, safety minded person and, after successful completion of all courses and training provided, a qualified oil field operator.

For more information about these exciting career opportunities and to apply, please visit [www.calfrac.com/careers](http://www.calfrac.com/careers)
