

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

As the Implementation Consultant, you will lead the implementation of Prophix's Corporate Performance Management software with various clients. The Implementation Consultant would work largely independently and would take ownership of the quality and success of the Prophix deployment. The Implementation Consultant would take part in project management, solution design and executing the project deliverables to the satisfaction of the client. This would include working onsite or remote with the client team to build out their Prophix solution. They would focus their efforts in the small to medium sized projects and work under an Implementation Manager. Successful applicants will receive tremendous experience in: project management, customer management and the consulting processes. Currently all employees are working remotely from home. When we implement our return to office plan in the future, Prophix will offer employees the choice for work arrangement: the opportunity to work from our office, remotely, or a combination of both/hybrid. We have invested in best-in-class tools, technology, and culture to ensure our team members are able to do their best work.

What You Will Do at Prophix

Reporting to the Consulting Manager, you will tap into your well-honed inter-personal skills and be mature and confident when dealing with high level customer executives. We are looking for an individual who will proactively seek solutions for our clients' various issues. As there is a large interface with our clients, the position requires an individual who is comfortable and confident when working on-site or remotely with our customers. The ideal candidate has a strong balance between technical background and business experience.

Your responsibilities will also include:

Leading all aspects of small-medium implementations, including:

Project management

Solution design

Solution delivery

Client training

Managing multiple concurrent projects

Taking an active role in internal project work

What You Will Bring to Prophix

To shine in this role, you will bring a rare combination of experience, technology skills, personal qualities, and education.

Required Qualifications

An Accounting/Finance degree or Engineering/Technical degree

Must possess a working knowledge of generally accepted accounting principles (GAAP) and be familiar with the financial statement preparation

4 years of relevant working experience

Possess strong business and entrepreneurial skills

Have superior communication and presentation skills

Strong organizational ability is essential as the candidate will be required to manage multiple projects concurrently

Comprehension of financial concepts/terminology is required

Proficiency with MS Office Suite, specifically Excel

Must be legally entitled to work in the country where the role is located. Must be able to travel to the United States, Canada and/or internationally, and have a valid passport

Preferred Qualifications

Accounting experience is a definite asset

Must be comfortable working in a project environment interacting with senior level executives including CFOs, VPs, and other line finance staff

NOTES

Successful candidates might be required to undergo a background (work and education) verification with an external vendor.

We thank all those who apply, however, please be advised that only those candidates selected to move forward will be contacted.

ACCESSIBILITY

Prophix promotes a diverse, inclusive, and accessible workplace. By embracing diversity, we build a more effective organization that empowers our employees to be the best that they can be.
