Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Canpotex is proud to be one of Saskatchewan's Top Employers in 2023. We are a people-focused organization with diverse and dynamic career development opportunities. Join us as we work towards our mission of global food security. Apply today!

We have an exciting opportunity to grow your career as a temporary IT Project Manager (23-20). This position based in Saskatoon and is expected to last for approximately 12-18 months.

We are:

Headquartered in Saskatoon with three international offices, we are one of the world's largest suppliers of potash overseas. On behalf of our Shareholders, Mosaic and Nutrien, we market and deliver Saskatchewan potash, a valuable fertilizer nutrient, to millions of fields and farmers globally - ultimately helping the world grow more food.

We offer:

Situated in the vibrant Saskatoon area of River Landing, occupying a spacious, world-class contemporary office building that supports our culture. We proudly offer a highly flexible hybrid-work environment that encourages a flexible work-life balance while promoting meaningful connections with colleagues and stakeholders. We are passionate about ensuring food security for young people through our community investment program that allows our employees individual volunteer opportunities. We proudly offer a competitive total rewards package, career growth opportunities and the experience to collaborate with global colleagues and customers.

The opportunity:

Leads projects throughout the project lifecycle.

Defines project scope, milestones, and deliverables in collaboration with project stakeholders.

Coordinates the planning, design, development, enhancements, and deployment of new and existing applications.

Leads the assessment of resources across multiple projects and mitigates conflicting tasks.

Collaborates with decision makers, system owners, and end users to refine business requirements and system goals.

You have:

Bachelor's degree in Computer Science, Information Systems, Business Administration or Finance or a relevant field.

Minimum five years of experience developing and deploying information technology projects.

Proven experience overseeing the design, development, and implementation of new applications and enhancements to existing applications.

Project Management Professional (PMP) certification is preferred.

You bring:

Excellent time management, organizational, and creative problem-solving skills.

The ability to communicate ideas in both technical and user-friendly language.

Ability to work with minimal guidance and to complete work as part of a team.
