

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

This posting is to establish an eligibility list for future permanent and/or temporary vacancies within the Province of British Columbia.

These positions may be located in any of the following five (4) regional locations of: Vancouver Island (Victoria); Interior (Kelowna or Kamloops); Vancouver (Vancouver); Fraser (Burnaby or New Westminster); Currently there is 1 permanent position available for the position of Director Stakeholder Engagement.

The Primary Care Division in the Ministry of Health is responsible for setting provincial direction to support a high functioning primary health-care system that meets the needs of all British Columbians. This includes leading reforms that support primary care as the foundation of a full-service, community-based, integrated system of person and family-centred care.

The Director, Stakeholder Engagement designs and manages diverse external communications and engagement strategies for the public and a broad range of partners, including health-care providers, professional associations, unions, First Nations communities, patients and other interested and affected parties. Applying communications expertise, the Director provides strategic advice and direction to support the division and ministry in achieving communications and engagement objectives that support inclusive and responsive primary health-care services.

Experience

Experience in external communications management positions.

Experience in developing and delivering change management strategies.

Experience planning, developing, and implementing external communications and marketing strategies.

Experience in professional writing/communications materials and product development.

Experience in the development and implementation of public and partner engagement.

Experience building and maintaining partnerships with a diverse range of senior leaders and internal and external partners.

Experience in providing written and oral advice to senior executives (e.g., Minister, Deputy Minister, and Assistant Deputy Minister or equivalent).

Experience leading, influencing, implementing, and sustaining organizational change

Minimum of 2 years experience in a supervisory/management including resolving complex staff and/or client issues and leading project teams.

Education Requirements

- Bachelor's Degree or higher in a related field such as journalism, public relations, writing, English, marketing, or a communications-related discipline AND five years or more of related work experience in progressively more responsible communications positions. An equivalent combination of experience, education, and/or training may be considered.
