

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Job Number: R-1003159

Location: Regina, Saskatchewan

Closing Date: February 11, 2022

Worker Type: Permanent

Language(s) Required: English

Senior leader experience rewarded

An experienced formal leader, you'll provide senior leadership as well as strategic and operational direction pertaining to the effective management of FCC's key operational risks, which are broad, complex, and continuously evolving. You'll also oversee and advance the organization's operational risk management (ORM) practice and control framework.

A recruitment agency has been contracted in this case and therefore any external candidates provided by them will be considered.

What you'll do:

- Lead our Operational Risk Management Division
- Oversee and advance the operational risk management practice and control framework
- Set strategies and lead risk management practices over technology risk and third-party risk
- Lead our model risk management and validation functions
- Set strategies and maintain the Governance, Risk and Compliance system and intake processes

What we're looking for:

- Relationship builder - ability to build strong partnerships with internal and external stakeholders to promote understanding of issues, impacts, opportunities and best practices, and ensure a customer focus that balances effective risk management with growth and strategic execution priorities
- Strategic thinker - support corporate strategic priorities through Operational Risk Management activities
- Continuous learner - ability and desire to evolve and learn and to grow in understanding the rapid evolution in risk management practices including issues, impacts and opportunities

What you'll need:

- A bachelor's degree in commerce or business administration and at least 10 years of experience in finance-related senior leadership roles (or an equivalent combination of education and experience)
- Relevant knowledge and expertise including a control, audit, or financial background that understands how a system of controls works together to create a sound organization
- Certification as a Chartered Financial Analyst, Chartered Professional Accountant, or Financial Risk Manager (FRM)
