

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Ministry of Water, Land and Resource Stewardship

Chilliwack, Nanaimo, Squamish, Surrey, Victoria (Hybrid)

Flexible work options are available; this position may be able to work up to five (5) days at home per week subject to an approved telework agreement.

Section Head Ecosystems

\$90,797.03 - \$103,685.14

The Ministry of Water, Land and Resource Stewardship (WLRS) is accountable for integrated land and natural resource management, including objective settings for land and marine environments, effectively managing cumulative effects and advancing reconciliation with Indigenous peoples, environmental sustainability and economic growth.

This position provides supervision and professional oversight for a regional resource stewardship program. This includes managing staff and financial resources, managing stakeholder relationships, applying legislation, policies and professional standards in a consistent manner, participating in provincial policy development and overseeing program delivery and professional projects.

Experience

Qualifications for this role include:

- Degree in biological sciences or equivalent.
- Registered (or immediately eligible) as a Registered Professional Biologist (RP Bio) in B.C. with the College of Applied Biology within six (6) months of employment.
- Experience interpreting and applying environmental management legislation and policy.
- Experience leading staff on projects or program delivery.
- Experience negotiating agreements with other levels of government or First Nations.

Preference may be given to applicants with one (1) or more of the following:

- Experience collaborating and/or consulting with First Nations on natural resource management issues.
- Comprehensive experience leading, planning, assessing and managing fish & wildlife populations and their habitats, particularly for species at risk in the South Coast of B.C.
- Experience supervising, leading, coaching and mentoring professional staff in resource management.
