

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

CLXT opportunity now available based at the Primary Health Centre in Sparwood!

If you have successfully completed a recognized Combined Lab/X-Ray CLXT program and enjoy working in a rural setting, then we would love to hear from you.

The Primary Health Centre offers a range of interdisciplinary, outpatient healthcare services including Laboratory and X-Ray. As the CLXT at this site, you will perform a variety of routine laboratory, x-ray and ECG procedures in accordance with departmental policies, procedures and standards as defined by respective service and accrediting bodies. The Laboratory/X-Ray Technologist also performs routine and preventative maintenance of equipment and trouble shoots equipment problems as required.

This is a relief part-time 0.20fte position with an anticipated duration of twelve to eighteen months. Shift times are 08:00-15:42, 08:30-16:12 and 09:00-16:42.

Come and join us! Our focus is on giving people room to grow, to make an impact in the lives of others. Apply today to join our team.

Experience

One year of general experience in both laboratory and diagnostic imaging fields.

Credentials

Eligible for registration with a provincial licensing body.

Education Requirements

Graduation from an approved Combined Laboratory X-Ray Technician program.
