

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Premier Quality Genetics, Inc. is in need of Pork Production Technicians

Employment Terms: Full Time - Permanent

Duties And Responsibilities:

• Engaged in all day-to-day operation within the specific area of the swine production unit assigned (i.e. breeding, farrowing, weaning)

• Monitor pig health, recognize and treat certain livestock health problems and/or report concerns

• Interpret labels, handle and administer medications and vaccines as directed

• Perform piglet processing duties such as tattooing, clipping tails and castrating

• Ensure accurate records are kept including computerized records

• Monitor and set water lines, proper ventilation and temperatures in barns

• Ensure the company's standard protocol and Animal Welfare Codes of Practice is followed by all staff

• Carry out Company's program to ensure production targets are met

• Follow safe manure management procedure when cleaning out manure pits

• Maintain a clean and safe environment for the animals and employees including power washing as needed

• Selection and load pigs to customers and/or offsite finisher barns

• Reporting safety concerns to the safety representative and/or Unit Manager

• Perform other related duties as required such as general/routine maintenance of facilities.

Working Hours: 9 hours/day, 6:00 AM to 5:00 PM (working hours may vary depending on stage of piglet production), 1.5 varied days off per week, rotating weekend schedule

Benefits: vacation pay (4% of wages) with 3 days sick leave per year after 3 months of probationary employment, Free off-site housing including utilities, No-cost transportation to and from the offsite housing location to the work location

Work Location: 26360 Dymock Line, West Lorne, ON N0L 2P0

Experience

Minimum 1 year experience in handling swine and barn equipment is required

Credentials

Related certificate/diploma in Agriculture and Livestock Husbandry is an asset but not required
