

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Regina, Saskatchewan

Time Type: Full time

Job Requisition: R-1004681

Closing Date (MM/DD/YYYY): 02/20/2023

Worker Type: Permanent

Language(s) Required: English

Experience in program development rewarded

Research, create and implement programs for Alliances through collaboration with internal and external partners.

You'll use market research to identify customer needs and business opportunities, launch products and review program performance.

What you'll do:

- Develop, implement and support new and existing Alliance programs
- Ensure profitability and strategic positioning of programs
- Use a product management approach to develop product policies and processes
- Collaborate with internal and external partners to market programs and products, including change management, product training, promotion and advertising

What we're looking for:

- Confident communicator with strong analytical skills
- Experienced leader who brings out the best in team members and can coach others
- Relationship builder comfortable with proactively reaching out to internal and external partners

What you'll need:

- A bachelor's degree in agricultural finance, business or marketing and at least four years of related experience with increasing responsibility (or an equivalent combination of education and experience)
- Courses in product development and project management
- Experience in agricultural lending or credit management
