

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Ministry of Environment and Climate Change Strategy

Fort St John

Senior Park Ranger

\$54,933.89 - \$62,318.99 annually

The primary role of the Senior Park Ranger is to serve as the front line field contact with protected areas visitors and clients through direct delivery or supporting the delivery of the full range of BC Parks programs in single or multiple parks.

Key functions may include: undertaking natural, cultural resource and recreation services management, and monitoring actions as assigned; facility maintenance and minor reconstruction; contract/project management; planning and delivery of compliance and enforcement actions; providing information to park visitors; supervising and or coordinating staff and volunteers; identifying and addressing public and employee health and safety issues; undertaking liability and risk assessments and taking corrective action; providing input into park, resource and recreation management plans; undertaking emergency response duties in to help protect the rights, property and interests of the government in Parks, Protected Areas, Conservancies, Ecological Reserves and Recreation Areas.

British Columbia's incredible system of provincial parks offers experiences as unforgettable and diverse as the province's natural landscape. Explore sandy beaches and majestic forests; investigate mysterious caves or paddle down peaceful rivers – an adventure awaits every visitor. BC Parks offers campsites, day-use areas, and thousands of kilometres of trails as a fun, convenient, low-cost way to explore the province; so, put a little more BC Parks in your life!

Qualifications for this role include:

• Undergraduate degree in natural resource management, outdoor recreation or a related field [biology, geology, resource management, recreational planning, forestry, fisheries, etc.], and one year related experience; or,

• Two-year technical diploma in one of the above fields and three years of related experience; or,

• Secondary school graduation and a minimum of five years of related experience; or,

• An equivalent combination of education and experience totaling five years.

Related experience includes:

• Experience in natural resource management [such as ecosystem management, fish and/or wildlife management, forestry management, invasive species management, natural resource inventory and research, environmental impact assessment], cultural resource management [such as archaeological or cultural site management, archaeology, First Nation agreement management] and/or preferably parks and protected area management, encompassing a broad range of activities and initiatives related to the delivery of recreation and conservation programs and services;

• Experience in outdoor recreation management [such as outdoor recreation planning, outdoor recreation facility development or operation and maintenance, outdoor recreation service delivery]; and/or,

• Experience in compliance and enforcement related to natural resource or recreation management.
