

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Help bring research to life and drive your career forward with the National Research Council of Canada (NRC), Canada's largest research and technology organization.

We are looking for a Technical Officer to support our Aquatic and Crop Resource Development Research Centre. The Technical Officer would be someone who shares our core values of Integrity, Excellence, Respect and Creativity. As part of the Zebrafish Toxicology, Genomics and Neurobiology team the Platform Technical Officer will support NRC, other government departments and industry research activities through technical assistance, animal care and facility maintenance of the NRC zebrafish facility in Halifax. The incumbent will be part of a multidisciplinary team, providing essential support for ongoing projects and programs involving our industry partners and other government departments and agencies in the area of toxicology and biomedical research.

Experience

- Hands-on experience in the maintenance of the health and safety of research animals within a zebrafish research facility;
- Experience in performing zebrafish husbandry and technical duties following standard operating protocols related to animal care;
- Experience in operating and maintaining recirculating aquatic systems would be considered an asset;
- Experience in maintaining a zebrafish breeding colony would be considered an asset;
- Experience in routine practices using zebrafish as a model organism for evaluating toxicity or biomedical research would be considered an asset;
- Experience in the use of computers and common computer software to track, monitor and analyze data.

Education Requirements

Bachelor of Science Degree with a major in one of the life sciences or equivalent combination of work-related experience, training and education.

Preference will be given to candidates who have Canadian Council on Animal Care (CCAC) certification regarding laboratory animal care.

Essential Skills

- Knowledge of zebrafish husbandry, breeding and development;
- Knowledge of occupational health and safety best practices required to create and maintain a safe and healthy work environment;
- Ability to manage time to maximize productivity.

Work Environment

- Reliability Status
- The work schedule will be from Thursday to Monday.
- Must be able to work in a warm laboratory environment (25°C to 30°C).

Other

â€¢ A pre-qualified list may be established for similar positions for a one year period.

â€¢ NRC employees enjoy a wide-range of benefits including comprehensive health and dental plans, pension and insurance plans, vacation and other leave entitlements.

â€¢ Preference will be given to Canadian Citizens and Permanent Residents of Canada. Please include citizenship information in your application.

â€¢ The incumbent must adhere to safe workplace practices at all times.

â€¢ We thank all those who apply, however only those selected for further consideration will be contacted.
