

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Collaborative approach rewarded

Conduct independent analyses of processes to provide expert advice on the effectiveness of risk management practices.

What youâ€™TMll do:

- Consult with colleagues on business unit objectives and processes, including risks and controls
- Develop and execute audit plan and program, defining the steps needed to evaluate internal controls
- Use professional judgment to conclude effectiveness of risk management
- Report results to management

What weâ€™TMre looking for:

- Proven communicator who excels at building relationships
- Organized and detailed multi-tasker
- Customer-focused team player with strong people skills
- Analytical thinker able to use data to assess risk
- Ability to adapt to change, make decisions and offer solutions

What youâ€™TMll need:

- A degree in commerce and an accounting or audit designation plus at least five to seven years of related experience (or equivalent combination of education and experience)
- Expertise with internal audit practices, theories and trends
- An understanding of risk management practices
- Knowledge of specialized audit software and tools
