Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

The Study of University Pedagogy (ISUP) at the University of Toronto Mississauga (UTM) is searching for six new faculty members in Writing Studies in Higher Education. ISUP was established in July 2020 to promote the study of university pedagogy, especially the experiences of undergraduate students, through collaborative research, instruction, training, scholarship, and assessment. It builds on the success of the UTM Teaching and Learning Collaboration (TLC) and the Robert Gillespie Academic Skills Centre (RGASC), and is home to the new Foundational Writing Skills Initiative and other writing programs previously administered by the RGASC. Foundational Numeracy Skills courses are being developed.

The University of Toronto Mississauga has a multicultural student body, and a modern and spacious campus with high-quality teaching spaces. Equity and diversity are among UTM's core values and are essential to academic excellence. We seek candidates who value diversity and whose research, teaching and service bear out our commitment to equity. Candidates are therefore asked to include a diversity statement, consisting of a 1-2 page statement of contributions to equity and diversity, which might cover topics such as (but not limited to): research or teaching that incorporates a focus on underrepresented communities, the development of inclusive pedagogies, or the mentoring of students from underrepresented groups.
