

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Job number:

Location: Regina, Saskatchewan and possibly various other offices

Closing date: June 11th 2023

Language(s) required: English

Worker Type: permanent, full time

Passion for learning and development required:

Consult with Operations leaders to design learning solutions that ensure all customer-facing employees have the knowledge, skills and abilities necessary to fulfil their roles.

What you'll do:

- Develop and execute Operations learning solutions that are aligned to national Operations goals and Operations learning strategies
- Consult with internal and external partners to continuously improve the quality of learning initiatives
- Create performance-based learning solutions based on metrics to measure program effectiveness

What we're looking for:

- Proven consultant who can identify the needs of diverse audiences
- Influential collaborator with ability to connect and build business relationships
- Critical and creative thinker
- Confident communicator comfortable interacting with audiences at all levels
- Committed partner with a drive to help others achieve their goals

What you'll need:

- A bachelor's degree in education, human resources management or administration and at least six years of related experience (or an equivalent combination of education and experience)
- Proven interest in continuing education
- Experience delivering learning solutions that create confidence and elevate performance
