

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

An eligibility list may be established for similar vacancies in the South Island Natural Resource District.

This position is also posted as a Scientific Technical Officer (Resource) 24 via Requisition 97054.

Applicants who do not fully meet the required qualifications may be considered for this position, but at a lower classification.

The Ministry of Forests has a mandate to manage specified Crown land and resources in a manner that embraces the economic, environmental and social goals of government. These results are all essential to improving the global competitiveness of BC industry and our ability to attract private investment and to stimulate economic growth and job creation across the province.

This Land and Resource Coordinator role supports, facilitates and coordinates engagement discussions on wildfire risk reduction and related activities with a wide variety of stakeholders and partners within the South Island Natural Resource District. The successful candidate works in diverse teams, gathers and manages complex natural resource data, completes analysis and develops options, provides advice to statutory decision makers, resolves complex stewardship issues and supports land/resource management decisions.

Experience

- One or more years of experience working in a natural resource discipline.
- Experience managing multiple projects or leading a component (e.g., sub-project) of a major project.
- Demonstrated experience in managing, building and maintaining cooperative and productive partnerships and effectively negotiating and consulting with multiple/concurrent external stakeholders and partners.
- Valid BC Class 5 Driver's Licence or equivalent.

Education Requirements

- Registered, or immediately eligible for registration, as a fully licensed Registered Professional Forester with the Association of British Columbia Forest Professionals (ABCFP). Note: Immediately eligible for registration is defined as being able to transfer a current membership from an applicable jurisdiction to the ABCFP within six (6) months of employment. Confirmation of registration/eligibility is required before an offer of employment can be made.
- Degree in the natural resource field, or equivalent, as recognized by the Association of BC Forest Professionals.
