

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

- Bring excitement, enthusiasm and commitment to the College's Nursing and Healthcare programs (including but not limited to: Practical Nursing, Personal Support Worker, and Collaborative BScN programs);
- Design/develop and deliver courses, labs and clinical placements related to nursing;
- Engage students in the classroom, distance learning, lab and clinical environment, ensuring learner awareness of curriculum, their academic progression and evaluation of learning;
- Utilize alternate delivery methods such as video conferencing;
- Coordinating and/or strategic planning responsibilities;
- Provide an environment that makes effective use of available resources based on the cooperative learning theory while incorporating a variety of teaching and learning strategies to meet various learning styles;
- Evaluate student progress and achievement using a variety of evaluative tools;
- Actively contribute to and care about our student success;
- Participate in learning resources selection;
- Participate in and contribute to special events, consultative committees and program and course curriculum design and revision;
- Assist, advise, coach and mentor students with course choices, career possibilities and opportunities to continue their education at the advanced degree level;
- Prepare and participate in program accreditation;
- Actively participate as a team member in departmental functions, initiatives and committee work; and
- Work in compliance with the Occupational Health and Safety Act.

Experience

Candidates must possess the following:

- A minimum of seven years of current, active and progressively responsible nursing experience in general nursing and specialty areas including Medical, Surgical, and Health Assessment. Consideration may be given to Mental Health/Concurrent Disorders, Gerontology, and Adult Health and Community Health;
- Significant demonstrated knowledge and experience working with Indigenous people and communities; and
- A commitment to education equity to teach diverse student populations and work with colleagues or clients from various backgrounds.

The preferred candidate will have:

- Active acute care experience;
- Experience in a leadership/management role;
- The ability to maintain and develop community, industry and government contacts;
- A current professional affiliation;
- Proven ability to excel in a team environment and a demonstrated commitment to life-long learning; and
- Curriculum and program development experience is desirable, including innovative classroom presentation techniques.

Education Requirements

Candidates must possess the following:

- At least one graduate degree in Nursing (Masters or higher);
- Registration as a Registered Nurse with the College of Nurses of Ontario;

The preferred candidate will have:

- Doctoral degree (or are in the process of completing a Doctoral program) is an asset;
 - Teaching or training experience, in both stand-up delivery and distributed learning, at the college, university or corporate level;
- Additional experience in some of the following areas would be an asset:

- Alternate delivery strategies, student success strategies, academic advising, adult learning theories, culturally competent teaching strategies, and educational applications of computer technologies.
- Preparing for and participating in program accreditation.
